Sequim, Wash. – The North Olympic Library System (NOLS) invites students in grades 1–3 and their caregivers to participate in Kids Book Club at the Sequim Branch Library and Port Angeles Main Library this November. Children will read the selected book on their own before joining library staff for a lively discussion and fun activity inspired by the story.

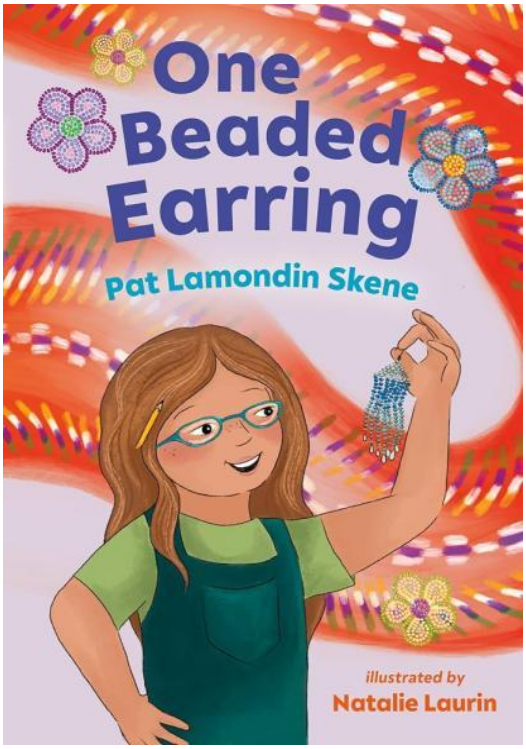

A limited number of books are available for participants to keep and can be picked up at each library's front desk on a first-come, first-served basis. Additional copies and formats may be available to borrow through the library catalog. No registration is required, and participants are welcome to attend individual sessions based on their reading interests.
