Re: Port Angeles Library Program April 22: *The Seeing Eye: A Visual Feast*

Sundogs, rainbows, moonbows, and more! Witness an amazing spectacle of light, color, optical illusions, and other phenomena that dazzle and confuse perceptions, in *The Seeing Eye: A Visual Feast*, on Friday, April 22, at 7pm at the Port Angeles Library. This amazing insight into the visual world and how our minds perceive it will be presented by Ken Patterson, a local artist and a former lecturer at San Francisco's Morrison Planetarium. This is a family friendly program, and refreshments will be provided.

This program is made possible by the generous support of the Port Angeles Friends of the Library.

The Port Angeles Branch is located at 2210 S Peabody Street. For more information about this and other programs go to [www.nols.org](http://www.nols.org) and click on "Events" or contact the library at: 360-417-8500, or [PAprograms@nols.org](mailto:PAprograms@nols.org).
