Re: North Olympic Library System announces good news for Kindle owners

Amazon.com recently announced that its popular Kindle e-reader is now compatible with hundreds of e-books included in the North Olympic Library System's *Washington Anytime Library*. The agreement between Amazon and Overdrive, the service that provides e-book lending to libraries, makes it possible to check out and download titles to your Kindle e-reader or other electronic device running the Kindle app.

To find and check out a Kindle-compatible e-book, go to the NOLS website at [www.nols.org](http://www.nols.org) and click on the Kindle icon. The checkout process takes you through your Amazon account to download the book. You have the option of a 14 or 21 day loan period.

For more information on e-readers and e-books at the Library, go to [www.nols.org](http://www.nols.org) and click on e-books.
