Re: Sequim Branch Library offers one-on-one “Gadget Lab” appointments

“My grandson bought me this (you name your gadget!), and I really want to download Library e-books, but I don’t have a clue how to use it.” Are you or is someone you know in this situation? The Library can help! You can schedule a 15-minute hands-on, one-on-one technology tutoring appointment at Sequim Branch of the North Olympic Library System between 1:30 and 3pm on Tuesday March 4 or Wednesday March 19, or between 10 and 11:30am on Friday, March 14.

Bring your device and you will be personally guided through the process of downloading e-books or audio books from the Library’s subscription download services such as *Washington Anytime Library*, *3-M*, and *Oneclick Digital*. Experts Amber Blume-Barrett and Ambur Taft can help you with your *Kindle*, *Nook*, *Sony Reader*, Android tablet or smartphone, Apple devices, and mp3 players. Amber says, “There is so much to keep up with in technology. It can be mind-boggling. Come in and let us give you a hand.”

“Gadget Lab” sessions are available by appointment only at the Sequim Branch Library at 630 N Sequim Avenue. For more information or to book your appointment, contact the Sequim Branch Library at Sequim@nols.org, or call 360.683.1161.
