Re: Technology tutoring at the Port Angeles Main Library

How would you like to keep your e-reader, smart phone or tablet device full of free library books that you can download right from home? What about being able to download new titles in airports, hotels, rest stops, or even while on vacation? The North Olympic Library System (NOLS) can show you how!

The Port Angeles Main Library is now offering 30-minute appointments with expert library staff for hands-on, one-on-one technology tutoring. These free “Tech-Know-logy” sessions will take place *by appointment only* between 4pm and 7pm on Thursday, August 14 and 28. Bring your own device and you will be personally guided through the process of downloading e-books or e-audiobooks from services such as *Washington Anytime Library*, *3-M*, and *Oneclick Digital*. NOLS experts Ean Henninger and Sarah Morrison can help you with your Kindle, Nook, Sony Reader, Android tablet or smartphone, Apple device, or mp3 player. If you’re still considering whether to purchase an e-reader or similar gadget, they can also help you find more information about which one will best suit your needs.

The Port Angeles Main Library is located at 2210 South Peabody Street in Port Angeles. Alternate appointment times are available upon request. For more information or to book your Tech-Know-logy session, contact Sarah Morrison at smorrison@nols.org, call 360.417.8500, or visit www.nols.org.
