Re: Book discussion of ***The Fault in Our Stars*** at the Sequim Branch Library

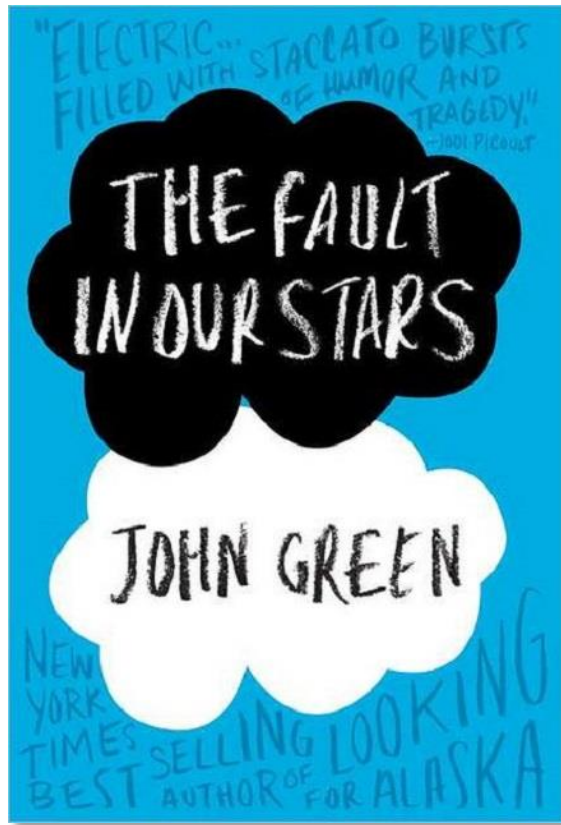

The Fault in Our Stars by John Green will be discussed at 3pm on Saturday, February 13, at the Sequim Branch of the North Olympic Library System (NOLS).

“John Green's compelling, engaging novel is about life, and love, and death. Hazel was diagnosed with terminal cancer at the age of 13. Three years later, she is still alive. However, her life is turned upside down when she meets Augustus Waters at a support group for teens with cancer. They embark on a relationship that has the potential to become an emotional grenade (*School Library Journal Reviews*).”

Copies of ***The Fault in Our Stars*** are available at the Sequim Branch Library in various formats including in regular print, large print, audio e-book, audiobook on CD, Nook, and audio e-book in Spanish; they can be requested online by visiting the library catalog at www.nols.org.

Pre-registration for this program is not required, and drop-ins are always welcome.

The Sequim Branch Library is located at 630 North Sequim Avenue, in Sequim. For more information about this and other programs for readers and book lovers, visit www.nols.org and select “Events” and “Sequim,” or contact the Sequim Branch Library at 360.683.1161 or Sequim@nols.org.
