Re: Afterschool Lego Club at the Forks Branch Library

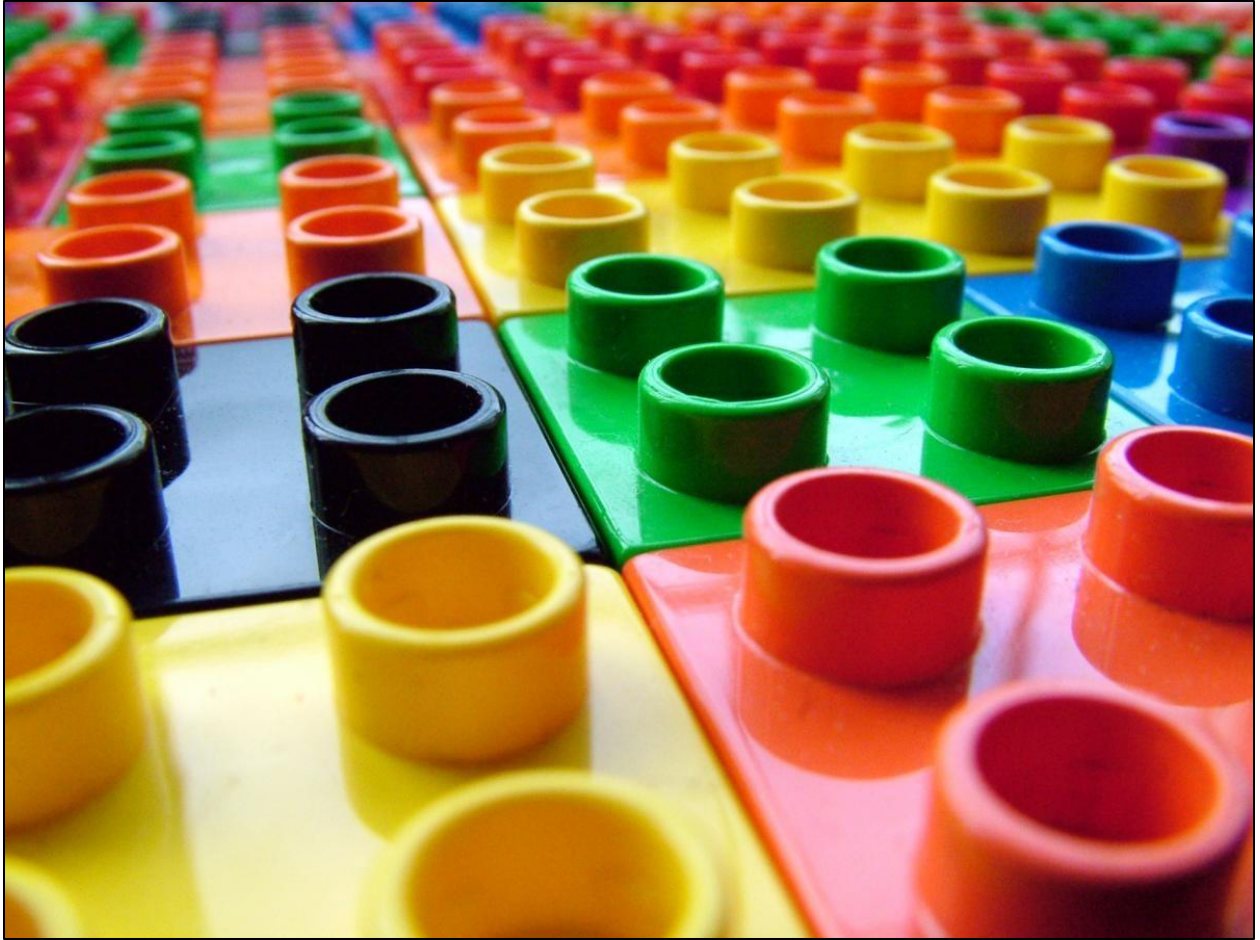

An afterschool Lego Club for children between the ages of 6 and 14 will resume at 2pm on Wednesday, October 5 at the Forks branch of the North Olympic Library System (NOLS). This free weekly program will occur at **2pm every Wednesday** from October 5, 2016, through April 26, 2017. Pre-registration is not required.

Why Legos?

The goal of Lego Club is to encourage children to use their imaginations while working as individuals and teams. Each week will present attendees with a new theme to help encourage and guide new projects. All materials will be provided, and the Lego creations will remain in the library after the event.

The Lego brand is well-regarded in educational circles. Building with the colorful and easy-to-use bricks provides unlimited, open-ended possibilities for developing minds to practice problem solving, teamwork, and motor skills.

For additional information about this and other upcoming programs at NOLS, contact the Forks Branch Library at 360.374.6402, send an email to Youth@nols.org, or visit www.nols.org and select "Youth." The Forks Branch Library is located at 171 South Forks Avenue in Forks.

Lego Club at the Forks Branch Library will take place at 2pm every Wednesday beginning October 5.
