Re: Feiro Marine Life Center Visits the North Olympic Library System
Attachments: *Hermit Touch Tank.jpg*

Join Feiro Marine Life Center educators and live ocean creatures this April at several North Olympic Library System branches to learn about marine life. This special family program is designed for children ages 4-6. Each child may be accompanied by one adult. Participants will explore touch tanks, ask questions, use scientific tools to find answers, and design new habitats for marine animals.

Feiro will be visiting the Port Angeles Main Library on Monday, April 3 at 10:30am, the Forks Branch Library on Wednesday, April 5 at 11am, and the Sequim Branch Library on Thursday, April 6 at 10:30am. Space is limited and pre-registration is required.

This free program is funded in part by the Albert Haller foundation and the North Pacific Coast Marine Resources Committee.

For additional information and to register for this program, visit the events calendar at www.nols.org, email youth@nols.org, or contact your nearby NOLS branch location.
