Re: Sequim Branch Library Expansion – May Activities

The North Olympic Library System (NOLS) is currently engaged in a broad community conversation regarding the overcrowded spaces and aging infrastructure of the Branch Library serving the Sequim-Dungeness Valley. It's time to solve this problem, but the Library can't do it alone. NOLS has planned several informational presentations and awareness-raising activities during the month of May.

Tuesday, May 2, 5pm – 6pm at the Sequim Branch Library

The Sequim Branch will host a Parade Work Party to create the Library's "Small but MIGHTY" entry for the Irrigation Festival Parade. Everyone is welcome!

Saturday, May 13, Irrigation Festival Parade

Walk with the Library to raise awareness about the Library, and the Sequim Branch Library Expansion Project. Bring your friends and family! Please contact the library at Sequim@nols.org or 360-683-1161 if you are interested in participating.

Wednesday, May 17, 6pm at the Sequim Branch Library

NOLS Library Director, Margaret Jakubcin, will provide an informational presentation about the Sequim Branch Library Expansion Project, and the conceptual planning process currently underway. The presentation is open to everyone. Organize a group of friends or neighbors

and bring them along. Get informed! This presentation will be repeated on **Monday, June 5, at 10am.**

OTHER WAYS TO GET INVOLVED

There are many opportunities for community members to get involved in the conversation - and the solution - by getting informed and sharing time, energy, and expertise.

Schedule a Presentation. NOLS would love to talk to your group about this project. Please email Director@nols.org or Sequim@nols.org to schedule an informational presentation for your group.

Community Taskforce. The Community Taskforce on the Sequim Library Expansion (CTSLE) is a small, engaged group of community volunteers. The CTSLE will play an essential role in facilitating community input and discussion about the Sequim Branch Library Expansion Project, and working directly with staff, architects, and advisors to develop conceptual planning, schematic design, and a project timeline. Visit www.nols.org to read more about the CTSLE and learn how to apply to serve on this important taskforce.

MORE INFORMATION

To learn more about the Sequim Branch Library Expansion Project, visit www.nols.org, or contact Library Director Margaret Jakubcin at Director@nols.org or 360-417-8500 x 7714, or Sequim Library Manager Emily Sly at Sequim@nols.org or 360-683-1161.

The Sequim Branch Library is located at 630 N. Sequim Avenue, in Sequim.
