Re: New Vehicle Rolls In at West End Libraries
Attachments: *Prius image.tif*

With a commitment to connecting community resources to community needs, the North Olympic Library System (NOLS) is delighted to announce the addition of a new vehicle to its NOLS-On-The-Move fleet. The fuel efficient 2017 Toyota Prius was funded in part by a generous donation from the Benjamin N. Phillips Memorial Fund. The \$18,000 grant was awarded to NOLS by the Seattle Foundation in September 2016.

The fuel-efficient wagon, affectionately dubbed “Westy” by library staff, will do much to further NOLS’ ability to deliver when-and-where-it-is-needed library service to the more remote West End communities. School visits, deliveries to homebound library patrons, and attending community events are among the many uses already filling Westy’s calendar.

“NOLS is very grateful for the support received from the Phillips fund through the Seattle Foundation,” says West End Library Manager Theresa Tetreau. “Having a vehicle available to the Forks and Clallam Bay Branch Libraries presents exciting opportunities to boldly deliver services beyond the four walls of the libraries,” she added.

For information about this and other library services contact the Forks Branch Library at 360.374.6402, the Clallam Bay Branch at 360.963.2414, visit the NOLS website at www.nols.org, or email Discover@nols.org. The Forks Branch Library is located at 171 South Forks Avenue in Forks. The Clallam Bay Branch Library is located at 16990 Highway 112 in Clallam Bay.

NOLS acquires a 2017 Toyota Prius, funded in part by a generous donation from the Benjamin N.

Phillips Memorial Fund.
