

**NEWS RELEASE**  
**North Olympic Library System**  
**2210 South Peabody Street**  
**Port Angeles, WA 98362**

## **FOR IMMEDIATE RELEASE**

**Date:** September 27, 2017  
**Contact:** Patti Swingle, Youth Services Librarian, Sequim Branch Library  
360.683.1161; [pswingle@nols.org](mailto:pswingle@nols.org)  
**Re:** *Second Saturday Science* at the Sequim Branch Library

*Second Saturday Science* at the Sequim Branch of the North Olympic Library System (NOLS) offers children ages 7-12 a fun, hands-on opportunity to explore concepts related to science, technology, engineering, and math (STEM). On Saturday, October 14, from 10:30am to 12:30pm, explore craft stick bending by building craft stick catapults with instructor Brad Griffith. Discover the many ways to bend craft woods, build your own catapults, and test your creations. You will also learn how to make your own tools with common household items and your own creativity at home. Participants will also receive a 90 minute instructional DVD.

The class is free, but **preregistration is required** due to limited space. To register, visit the Sequim Branch Library events calendar at [www.nols.org](http://www.nols.org), call the library at 360.683.1161, or send an email to [youth@nols.org](mailto:youth@nols.org). All materials will be provided.

### **Additional Information**

For more information about the *Second Saturday Science* program series, contact the Sequim Branch Library at 360.683.1161, send an email to [Youth@nols.org](mailto:Youth@nols.org), or visit [www.nols.org](http://www.nols.org). The Sequim Branch Library is located at 630 North Sequim Avenue. This program is generously supported by Friends of Sequim Library.
