*Meet Libby-NOLS.jpg*

Libby, the free One-Tap Reading App, is now available, making it even easier to access free downloadable content through the library. The North Olympic Library System (NOLS) offers tens of thousands of eBooks and eAudiobooks through the Washington Anytime Library. Library users who currently access the Washington Anytime Library using the OverDrive app can continue to do so, but Libby provides a new, convenient way read digital content on your phone or tablet.

### **About Libby**

Libby allows users to instantly connect with any of thousands of titles to read or listen to, and the app is free through your app store. You can borrow books on your mobile device anytime, anywhere, and start reading instantly. All available titles are free through NOLS and the Washington Anytime Library.

Libby was designed to be simpler than other reading apps. The “One-Tap Reading App” lets users intuitively move from searching to checkout to downloading to reading. Readers

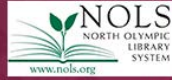

can download titles to a device for future offline use, or stream titles to save device space. To learn more about Libby before downloading, visit [meet.libbyapp.com](https://meet.libbyapp.com).

For additional information about this and other resources at your Library, visit [www.nols.org](http://www.nols.org), email [discover@nols.org](mailto:discover@nols.org), or contact your nearby NOLS branch location.

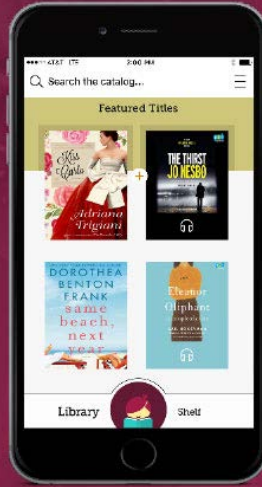

# Meet libby

The **one-tap**  
reading app  
from your library

Happy Reading
