Ever wondered how music travels? Or what creates resonance? Kids can explore the *Science of Sound* with experiments and hands-on activities set up by Teen Volunteers at the Port Angeles Main Library Monday, July 30, from 10:30-12:30pm.

**More About the Summer Reading Program**

The theme for the 2018 Summer Reading Program is *Libraries Rock!* This summertime celebration, which encourages children to keep reading during the summer break from school, features a reading challenge and a multitude of events for all ages. Research shows that children who do not read during the summer experience “summer slide” and may lose up to a month of the instructional knowledge they gained during the previous school year. Library summer reading programs have been shown to help alleviate the “summer slide” by providing access to books, enrichment activities, and encouraging young people to keep reading. The 2018 Summer Reading Program runs June 16 through August 18.

The Summer Reading Program is generously supported by the Friends of the Library at all four NOLS libraries.
