The Second Saturday Book Discussion Group meets at the Sequim Branch Library of the North Olympic Library System (NOLS) every second Saturday of the month at 3pm. On Saturday, December 8, the group will meet to discuss *A Constellation of Vital Phenomena* by Anthony Marra.

In a rural village in December 2004 Chechnya, a failed doctor, Akhmed, harbors the traumatized 8-year-old daughter of a father abducted by Russian forces and treats a series of wounded rebels and refugees while exploring the shared past that binds him to the child.

Copies of *A Constellation of Vital Phenomena* are available in various formats including regular print, large print, audiobook on CD and downloadable eBook, which may be requested online by visiting the library catalog at www.nols.org. A limited number of copies of each book discussion selection are available at the Library the month prior to each meeting.

This program is generously supported by the Friends of the Sequim Library. To participate, simply read the book and attend the discussion; no reservations are needed, and drop-ins are always welcome.

The Sequim Branch Library is located at 630 North Sequim Avenue. For more information about this and other programs for readers and book lovers, visit www.nols.org, email Discover@nols.org, or call 360.683.1161.

“A Constellation of Vital Phenomena” by Anthony Marra will be discussed at 3pm on Saturday, December 8 at the Sequim Branch Library.
