Re: Junior Science Explorers at the Sequim Branch Library
Attached: *weebots.jpg*

Junior Science Explorers at the Sequim Branch of the North Olympic Library System (NOLS) will be held on Saturday, January 12 from 1:30-2:30pm. *Junior Science Explorers*, a series designed for children ages 4-6 and their caregivers, will host The Museum of Flight, who will introduce children to the building blocks of robotics and programming.

Nurture your child's natural sense of adventure and curiosity, encourage your child to be a persistent problem solver, and introduce your child to basic elements of scientific reasoning with preschool and primary science activities. Children will be introduced to programming and engineering skills through storytelling, movement activities, Lego® Duplo bricks and programmable Bee-Bot® floor robots.

This program is free to attend, but with class sizes limited, registration is required. To register, visit the Sequim Branch Library events calendar at www.nols.org, call the library at 360.683.1161, or send an email to youth@nols.org. All materials will be provided.

ADDITIONAL INFORMATION

For more information about this and other programs for youth, contact the Sequim Branch Library at 360.683.1161, send an email to Youth@nols.org, or visit www.nols.org. The Sequim Branch Library is located at 630 North Sequim Avenue in Sequim. This program is generously supported by the Friends of Sequim Library.

Register your 4-6 year old now for Junior Science Explorers on January 12.
