Re: *Junior Science Explorers* at the Sequim Branch Library

*Junior Science Explorers* will be offered again at the Sequim Branch of the North Olympic Library System (NOLS) in March and April. Nurture your child's natural sense of adventure and curiosity, encourage your child to be a persistent problem solver, and introduce your child to basic elements of scientific reasoning with preschool and primary science activities. These programs are designed for children ages 4-6 and their caregivers. Registration is required.

### **Saturday, March 9 from 12:30 – 1:15pm**

#### **Marshmallow Astronauts: Air Pressure in Space**

Presenter Christine Spaulding will introduce children to the scientific concept of air pressure in space. Participants will design and test the safety of a space suit for a marshmallow astronaut, observing what happens when put in a vacuum chamber.

### **Saturday, April 13 from 11:30am – 12:15pm**

#### **The Bone Zone**

Presenters from the Pacific Science Center will work with children to assemble a mini skeleton and explore the shape, movement, and function of bones and joints. Participants will also look at X-rays and examine real bone specimens.

To register, visit the Sequim Branch Library events calendar at [www.nols.org](http://www.nols.org), call the library at 360.683.1161, or email [youth@nols.org](mailto:youth@nols.org). All materials will be provided.

### **ADDITIONAL INFORMATION**

For more information about this and other programs for youth, contact the Sequim Branch Library at 360.683.1161, send an email to [Youth@nols.org](mailto:Youth@nols.org), or visit [www.nols.org](http://www.nols.org). The Sequim Branch Library is located at 630 North Sequim Avenue in Sequim. This program is generously supported by the Friends of Sequim Library.
