Re: *Junior Science Explorers* at the Sequim Branch Library
Attached: *Hurricane Ridge Doe and Fawn.jpg*

Junior Science Explorers will be offered at the Sequim Branch of the North Olympic Library System (NOLS) on Saturday, November 9 at 12pm. Nurture your child's natural sense of adventure and curiosity, encourage your child to be a persistent problem solver, and introduce your child to basic elements of scientific reasoning with preschool and primary science activities. Designed for children ages 4-6 and their caregivers, *Junior Science Explorers* will introduce children to the lives of local forest animals through activity stations:

- Match the real life fur, claws, and horns to the animal
- Make & fly birds in a wind tunnel
- Guess the animal scenario from the real life clues
- See how salmon swim with a stream table
- Create rain and watersheds with an AR Sandbox
- Make animal tracks
- Search and find the camouflaged animals
- Decorate a tree round pendant to take home

ADDITIONAL INFORMATION

For more information and to register, contact the Sequim Branch Library at 360.683.1161, send an email to Youth@nols.org, or visit www.nols.org. The Sequim Branch Library is located at 630 North Sequim Avenue in Sequim. This program is generously supported by the Friends of Sequim Library.

Junior Science Explorers will be held at the Sequim Branch Library on Saturday, November 9 at 12pm.
