Second Saturday Science will be offered again at the Sequim Branch of the North Olympic Library System (NOLS) on Saturday, January 11 at 10:30am. *Second Saturday Science* creates fun, hands-on opportunities for children ages 7-12 to explore concepts related to science, technology, engineering, and math (STEM). The January session will feature Bats of the Pacific Northwest presented by Western Wildlife Outreach. Children will see real bat specimens, learn about echolocation and other unique bat adaptations, compare anatomy to understand the similarities between bats and other flying animals, and investigate 3-D printed skulls to gain insights into ongoing scientific research. Visit www.westernwildlife.org for more information about Western Wildlife Outreach, located in Port Townsend. Bat artifacts provided by The Burke Museum (www.burkemuseum.org)

Registration is required. To register, visit the Sequim Branch Library events calendar at www.nols.org, call the library at 360.683.1161, or email youth@nols.org. All materials will be provided.

ADDITIONAL INFORMATION

For more information about this and other programs for youth, contact the Sequim Branch Library at 360.683.1161, send an email to Youth@nols.org, or visit www.nols.org. The Sequim

Branch Library is located at 630 North Sequim Avenue in Sequim. This program is generously supported by the Friends of Sequim Library.

Second Saturday Science will feature Bats of the Pacific Northwest on January 11 at 10:30am.
