The Wednesday Evening Book Discussion Group meets every fourth Wednesday of the month at 6:30pm at the Port Angeles Main Library of the North Olympic Library System (NOLS). On February 26 the group will meet to discuss *Sapiens: A Brief History of Humankind* by Yuval Noah Harari. One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us?

Copies of this title are available in various formats including regular print, large print, and downloadable eBook, which may be requested online by visiting the library catalog at www.nols.org. A limited number of copies of each book discussion selection are available at the Library the month prior to each meeting. To participate, simply read the book and attend the discussion; drop-ins are always welcome.

This program is generously supported by a donation made in memory of Sally Albiso, and the Port Angeles Friends of the Library. The Port Angeles Main Library is located at 2210 South Peabody Street in Port Angeles. For more information about book discussion groups at your library, visit www.nols.org, call 360.417.8500, or email discover@nols.org.
