Subject: *Tech Teardown* at the Port Angeles Main Library

The Port Angeles Main Library of the North Olympic Library System (NOLS) will host a Tech Teardown on Saturday, February 22 at 3pm. Take apart modern electronic devices and discover what's really inside them. Explore a wide range of equipment, deconstruct their various components, and learn how the parts work together through a process of reverse engineering. Materials will be provided for this program, which is geared towards 10-14 year olds. Registration is suggested.

Additional Information

This program is generously supported by the Port Angeles Friends of the Library. For information about events at your library, visit www.nols.org, call 360.417.8500, or email Discover@nols.org. The Port Angeles Main Library is located at 2210 South Peabody Street.
