Fear not, back-to-school-ers! Did you know you can get free live tutoring, homework help, test-prep, and more with your Library Card? Brainfuse HelpNow is provided at no cost to you, through the North Olympic Library System (NOLS). Information about getting a library card, including signing up for a temporary online card that can be used immediately, can be found at www.nols.org/library-card.

HelpNow is an online tutoring service for all learning levels-- kindergartners through adults! Check it out at www.nols.org/helpnow. Some of the helpful services available are:

Live Tutoring Sessions: Attend virtual tutoring sessions from 1pm-10pm, 365 days a year, in English or Spanish. Communicate with online tutors using an interactive, virtual whiteboard to chat, write, draw, or copy/paste images. Tutoring sessions are saved and can be replayed and shared. Access Live Tutoring for any grade, K-12, in subjects like reading, math, social studies, writing, science, and more.

Writing Lab: Upload writing assignments for critique and editing. Live Writing Assistance is available for immediate help. Writing Lab is available for more detailed support. Writing tutors return the document with detailed, constructive comments usually within 24 hours.

Instructional Library and Practice Exams: Enhance your test-taking skills with practice tests (including ACT, SAT, GED, TOEFL, and the US Citizenship Test). Explore the online library of core academic subject resources.

MEET: MEET lets you schedule online meetings with classmates to collaboratively study for tests or work on joint assignments or projects.

For more information about this service, email Discover@nols.org, call 360.417.8500, or stop by your local NOLS branch.
