YOU ... and Small Business by John A. Gosnell, General Counsel National Small Business Association

Proposed legislation such as the "Fair Packaging and Labeling Act" has considerable political appeal. It purports to protect the consumer and, after all, everyone is a con-Congress has gone about its job in the right way. It has held extensive hearings over many years on the bill. Although the printed record of these hearings consists of thousands of pages, it does not disclose any evidence of fraud or deception, nor does it show the bill to be in the public interest. In fact, the record confirms that the consumer does get value in his purchases.

Food and have any real evidence. But household items are sold on a pass on business ethics in ad-

close margin and generally speaking quality is on a high level. The keen competition explains why the manufacturers a billion dollars annually are

plains why the manufacturers are forced to resort to strong merchandising promotions and adjustment of package size, as opposed to material price competition. Although one manufacturer's product may contain 14½ ounces as contrasted with a competitor's 15-ounce package, neither package size is unfair. Size does not insure value. In the lengthy hearings on the Labeling Bill there have been no complaints about value received, nor about actual fraud or deception.

This Labeling Bill, accord-

or deception.

This Labeling Bill, according to its sponsors, is to provide "adequate protection of the public against deception".

Laws already enacted by Congress can halt any deceptive practices that exist. For example the Federal Trade Commission Act and the Food and Drug Act are effective deterrents against fraud or deceptive acts or practices in commerce. Both agencies have commerce. Both agencies have tition, restriction of the connot been reluctant to use their sumer freedom of choice, and power in cases where they a higher tax bil.

It's good to get home... after a day of hard work or hard play. And it's pleasant to relax with cool, refreshing beer. In fact, 65% of all the beer produced in this country is enjoyed at home. It cheers your taste as it re-
