FORKS FORUM PAGE 2 LETTER

TO EDITOR Editor:

The crack-down on truck noises on First Street in Port Angeles has been mentioned several times recently in both the Port Angeles Evening News and the Forks Forum. I would like to comment on a similar situation that takes place here in Forks; that being the almost constant blowing of automobile horns every night about the time a lot of people would like to sleep.

That happens not only occasionally, but every night without exception from early in the evening until midnight, and sometimes for hours after

Apparently there are people who have nothing better to do than drive around and blow a horn, but there are also those who work for a living and do require sleep and rest. The many tourists and salesmen who stop in our hotels and motels also desire consideration.

This uncalled for performance of a nuisance isn't created by a large number of people, but only a tew - perhaps a half dozen - with the same monotonous pattern and the same irritating "beeps" and "honks" night atter night.

Logging trucks play a large part in the weltare of the Olympic Peninsula - hornblowers contribute nothing - and the route up First Street in Port Angeles, which they are required to take, is no choice of theirs. A fully loaded logging truck moving up hill at any speed will always produce more than the usual amount of noise. To stifle such noises would be compared to running a footrace without breathing.

Even the loud noises of trucks and the normal flow of trattic, is something that people adjust to, but not that intermittent blast of a horn every few minutes just about the time you thought you had heard the last of it. Logging trucks do discontinue the noise that is a part of their movement, early in the evenings, but that annoying beep-beep goes on torever.

The purpose of an automobile horn was originally mean' to be used as a device to produce a warning signal, and not as a noisemaker. There are thousands of good drivers who drive thousands of miles, without ever blowing a horn. Even on our busiest and congested highways, there is seldom such blowing of horns as takes place here on our streets every

Too often, the lives of the majority are disrupted by selfish acts of the few. In many parts of the country the waters are being polluted, the air is polluted, and when people are unecessarily disturbed by the senseless noises

EDITORIAL

What is "Initiative Measure #32" that will appear on the November 5 ballot?

AN ACT Establishing a state agency to be known as the full employmentcommission; providing for a procedure whereby timber sold by the state to any "responsible bidder" and removed from state-owned or administered lands will be branded, and will receive primary processing in a facility employing Washington residents located in the state of Washington or within fifteen miles from any boundary thereof in an abuting state, unless permission is granted by the full employment commission for primary processing elsewhere based upon a finding that no reasonable market presently exists for the timber at such a facility; and establishing penalties.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE

NEW SECTION: Section 1. This act may be known and cited as the "Washington State Log Conservation and Full Employment Act of 1967".

The Resource and Trade Committee report lists 29 mill closures and 5,000 jobs lost during the period from 1965 to 1968. Only 6 mills were located in the State of Washington. Oregon, meanwhile, where state law prohibits the export of raw logs had '5 mills close and 2,505 persons laid off. Over 50% of the job loss due to mill closures were in a state that prohibits log exports from state-owned land. Factors totally unrelated to the export of raw logs from

state-owned land are in evidence in mill closures. The Washington State Department of Natural Resources is an agency established to manage state forest and recreation lands. In the case of state timber lands, the department has developed a program of "sustained yield" prest management under the direction of state land commissioner Bert Cole.

The program is aimed at a continual harvest of timber. Much of the timber being logged today should have been harvested years ago. It is beyond the prime harvest age. A considerable portion contains blow-down timber sections

Congress has enacted a measure that limits the export of logs from federal lands to 350 million board feet per year for the next three years. This measure will control the market of timber harvested on Federal lands within the state.

The log export to Japan for 1968 has already reached 2 1/2 billion board feet from Washington and Oregon.

The argument presented most often for initiative #32 is the high prices domestic mills are forced to pay for raw logs. According to a news release from the Puget Sound District Council, Lumber and Sawmill Workers, the price per log has been raised \$12 more per log than Washington mills can pay on the average because of the export of logs to Japan.

Yer, the domestic demand for saved lumber, shakes and shingles is at its highest peak in history. The mills in the State: of Washington are not producing sawed lumber to meet the de nands. Pay the price for the logs and meet the domestic

When thinking in terms of Initiative 32, it must be kept in mind that the state-owned lands from which it hopes to stop exports represent only 10% of the forest area of this state. 40% belongs to the federal government, and the lion's share of 50% is corporately or privately owned.

Therefore to suggest that to place the binding restrictions of law which would require an act of the State Legislature to change, alter or amend on 10% of the timber, is unrealistic. Initiative 32 has been industry sponsored since its inception. It currently has its greatest support from the timber industry. Initiative 32 appears to be the "Mister Big" squeezing out the "Little Man" in the forest products industry. The export of corporate and private timber (50%) will continue while the mills compete for the state timber which amounts to 10%. The problem in the forest products indistry is complex. Initiative 32 will not solve the problem.

creared by the few, their right to peace, quietude, and rest is being polluted.

GET RESULTS

Sincerely, M.E. Klahn

IT WON'T LAST Peace won by compromise is a short lived achievement.

NO. 1 DROPOUT

CITIZENSHIP DAY

"The good citizen is the man who, whatever his wealth or his poverty, strives manfully to do his duty to himself, to his family, to his neighbor, to the State; who is incapable of the baseness which manifests itself either in arrogance or in envy, but who while demanding justice for himself is no less scrupulous to do justice to others," said President Theodore Roosevelt.

President Dwight D. Eisenhower put it in another way: "Patriotism means equipped forces and a prepared citizenry. Moral stamina means more energy and more productivity, on the farm and in the factory. Love of liberty means the guarding of every resource that makes freedom possible—from the sanctity of our families and the wealth of our soil to the genius of our scientists. And so each citizen plays an indispensible role."

The advice Andrew Johnson gave in 1866 holds true today: "The time has come to take the Constitution down, to unroll it, to reread it, and to understand its provisions thoroughly."

And one way in which every American adult can publicly demonstrate his citizenship is to register and vote in the November election! This is the fundamental test of a good citizen.

Forks vs Vashon In Homecoming Game

SPORTS WANDERINGS . . .

The big discussion point in every world series is the inability of one of the superstars of the year to produce during the series. This year is no exception, with the ineffectiveness of 31 game winner Denny McLain. McLain had the unfortunate experience of having to pitch against the Cards at the same time the Cards were using ace Bob Gibson on the mound

Gibson doesn't give up many runs as the record indicates and McLain has had most of his trouble in the first 3 innings all year. Detroit found out you don't give Gibson a lead to work on. He seems to get tougher.

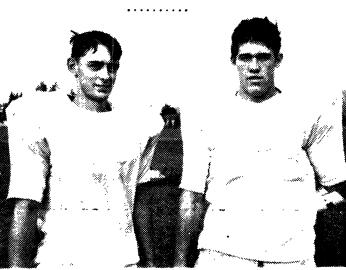

Last year Orlando Cepeda was the series superstar goat, but he is having a good series this year.

Bill Freehan, burley Tiger catcher, has had a disappointing series through game 5 with no hits after carrying a big Tiger

.

Stan Peterson is listed on the Seattle Pacific College Falcon Cross Country team. He is among 4 freshmen that will compete for the Falcons in the opener against Central Washington

Stan was a top performer for the Forks Spartan track teams during his high school years. He is a prime example of a dedicated athlete.

Bob Seigle - Gary Gaydeski

Spartan of the week has to be Bob Seigle in the Forks 25-14 loss to Port Townsend and Gary Geydeski earns mention tor his 10 tackles on detense.

Bob had a good night, possibly his high school best. Bob was back to punt early in the ballgame and the center snap sailed over his head, setting up the tirst Redskin score. This didn't disturb him as he later blocked a kick, recovered a fumble, and hauled in two touchdown passes. He played defensive end, defensive tackle, and played some linebacker. According to coach Mohondro, "Bob played wherever the action was in this game."

MONDAY NIGHT: Real late.

Mother and I just got back from work. Her working at the alleys and myself working on my bowling in the Forks Prairie League. Didn't work hard enough tho; got stuck for the drin't Sunday morning bright and early picked up Duke, (Mother

FROM YOUR LOCAL BOWLING CENTER

By FRED JARVIS

and Jean stayed home) then George, Bernice and their son, Dale, and headed for Bainbridge to bowl in the Olympic Traveling League for Vagabond Cate. Duke bowled good. A 221 and 593. Had a 236 and 571

myself. Seems odd to go clear over there to bowl against Dot McCory had a 173 Hi 10 and Sally Nagel a Hi 30 of 475 in the Tuesday afternoon league.

Kaye Kelso topped all bowlers in the Sunset League with a 243 and 592. Dunc's Rototilling leads by one over John's

Al Nagel rolled a rare triplicate. Three games of 149. Not his average, but a difficult teat, no less. Edwards and Rhyne are on top of the Wed. Powder Putts by two and a half points. Pat Mansfield looked like the Pat of old as she tossed a 205-546 to lead the league. Janice Wentworth won five bucks from Earley Tire for getting five splits in a row. Not much of a score with that many, but the do-re-mi salved her feelings somewhat.

Was going to say Leta Rondeau looked like the Leta of old as she tossed a 2.3-521 in the Hoot Owl League, but can't as she's not the same.

Sunset leads the Owls by three. The Thursday Jr. Mixed, Mike Absher led the boys with 171-461. For the girls, Elaine Haynes had 131 and Terrie Genson a 366.

Willis Bryan was the big gun in the West End circuit with a booming 252-611. Dept. of Nat. Resources leads by one over Peninsula Loggers Supply.

Gwen Genson lowered the boom on the pins as she, blasted out a 232-553 in the Thursday Nite Women's League. Ken Keeney had a 204 and Jim Mansheld a 549 on the Earley Fri. Mixed and Sally Nagel 176-503. Nagel and Lyda have a narrow 1/2 point lead over Clark and Kettel. The late Fri. Mixed lead changed hands as Blair-Lamb

wrestled first place away from Maher-Thomas-Jarvis. Jim Silves took Hi 10 honors with 225 and Al Genson had Hi 30 - 585. Barb Kelso led the women with 184-483. Darlene Engeseth of the Mini Squad had Hi 10 of 143 and Hi 20 of 228. Sorry, no unusual leaves this week.

Jean Streeter won six free games at Monte Carlo Sat. night besides beating me pretty badly the third game with an even 200. Never saw anybody enjoy beating somebody so much as she does when she whops me. Had a nice time bowling with Duke and Jean, Herb and

Jerry and my spouse, Elzada. Jerry, by the way, had Hi 10 of 191 for the local girls in the Women's Traveling League Sunday, and Barb Kelso a Hi 30 of 511. Barb also picked up the 7-8-10 split. Try that sometime. It isn't easy.

Looks like Duke and Darrell are coming out of their slump as they led all the men in the Forks Prairie League Monday night. Duke banged out a 224-613 while Darrell hammered out a 61%. It that's what a trip to Nevada does for you, Duke, I'm off for Los Vegas.

Brager Bros. Logging leads Fitts Logging by one point with last place team only three and a halt our of first. Pretty close. Keep up the good bowling. It makes for good reading and I really enjoy writing about it. See you next week.

I;m in the nineth grade and all my friends wear make-up and dress up to: school. My mother won't let me wear anything but pa'e lipstick. I'm losing all my friends and some of them think I'm square. Please tell my mother it is old fashion not to wear more make-up, and not to wear accessories with your clothes.

NOT OLD FASHION

DEAR OLD:

Old is what you'll be it you continue this thinking. The look at the tuture is youth-why do you want to look older? There is absolutely nothing more red ridiculous then the sight of a lovely young high school girl and unsightly take make-up, talse eye lashes, huge hair-do of a woman in her 30's ready for a night out and the spangles of a burlesque dancer all on their way to school yet! Good taste in grooming is a must for every girl. This includes pale lipstick; appropriate but tashionable simple hair-do (combed shiney hair is most desirable); and an outfit tailored in the clean simple lines. If you are in doubt, it is best to wear no accessories. Scarts and accent colors are good as they soften the tace and blend your ensemble. Good taste and beauty is natural simple lines. Perhaps your friends need help in good grooming! Keep your teeth brushed, yourself clean and neat and your natural self well have a chance to be beautitul!

DEAR JANE: I am in my 40's, single and fond of a certain lady. I can not seem to get anywhere with her because of a habit of mine. Sometimes while kissing her I have to burp-just can't stop it- and it ruins the whole mood. Sometimes I even burp while we are eating dinner out togather. What can I do?

DEAR BURPS:

Your lady friend obviously recieves a marked reaction from you.. Before your date, take a tums and then learn to relax!

CONFIDENTIAL TO SICK:

Jealousy over the other girl will not help. Forget him, get involved in something else and above all tind your-

Eaton Johnston Wedding

In the presence of their immediate tamilies, Laureen Ann Eaton, daughter of Mr. and Mrs. Laurence E ton of Sappho, became the bride of Loyd A. Johnston, son of Mr. and Mrs. Loyd G. Johnston of Forks, in a ceremony performed by Judge Joseph Johnston at 2:00 P.M. Saturday, Oct. 5, in Port Angeles.

The bride, given in marriage by her tather, wore a simple street-length gown of yellow nylon with white overlace and a yellow orchid corsage. She was attended by her sister-in-law, Mrs. Richard Earon of Seattle, and Glade Hall of Petaluma, Calif., a friend of the groom, was best

Following the wedding, a reception was held at the home of the bride's parents in Sappho and was attended by relatives and a few close friends. Those present were: Mr. and Mrs. Al Koske and Mrs. Velma Kidd from Port Angeles; Mr. and Mrs. R. E. Eaton and family, Seattle; Mr. and Mrs. L.E. Pooler, Sr., Sekiu; Mr. and Mrs. Maynard Lucken and Mr. and Mrs. H. Wilson, Beaver; Mr. and Mrs. L.E. Pooler, Jr., and children, Lesslie Ann, Liza and Lynn; Mr. and Mrs. Richard Halverson and daughter, Marcella; Mr. and Mrs. Loyd G. Johnston and daughter, Debbie Sue; and Rolinda Ronish and Denny Linderman, all from Forks; and Glade Hall from Petuluma, Calit.

The bride grew up in Sappho, attended Beaver and Forks schools, and at present is a sensor in Forks High School.

The groom graduated from Sir Francis Drake High School, San Raphael, Calit., in 1960, attended Forks High School one team, and is now employed at the Hoh River Cedar Products Mill at Tyee.

Atter a short wedd ng trip to Ocean Shores, the newlyweds are at home in Forks.

stopping the passing attack of the Cowboys as they scored on 30 and 19 yard touchdown passes from Jim Futz to Bill Kilmer.

The Cowboys scored 13 tirst half points to lead 13-0 at ha'rtime,

The Packers closed the gap to 13-8 early in the final period. Bill Brager trapped Futz in the endzone for a safety late in the 3rd quarter. The Cowboys kicked from the 20 and the Packers marched in for the score in the opening minutes of the final period. John Jacobsen bulled his way into the end zone from 3 yards out.

The Cowboys tallied twice in the 4th quarter for the final 26-8 score.

Giants vs. 49'ers: It was a first half show in Post Townsend as Jeff Blair ran the final 6 yards to paydir capping a 68 yard Giant mare

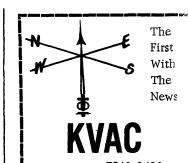

atter the opening kick. The only other score in the ballgame came on a pass into ception and runback for a second period score by Ron

The second half was a defensive game for both teams. The only scoring threat was a 49'er march to the Giant 5 yard line

late in the ballgame. The Giants lead the Western Division with 3 wins and a tie, and the Sequim Eagles are in second with 2 wins and 2 ties.

The big battle set for Saturday night at 7:30 matches the Giants and the Packers at Spartan Field

It the Giants win, they will be ine Western Champs and the Packers need a win to gain a playoff berth for 3rd place.

News The annual Presbyterian Church picnic was held on Sept. 8 at the Crown Zellerbach Recreation Area near the mouth of the Hoko River. A good crowd that started to gather at 2:00 P.M. enjoyed a bountiful meal of barbequed saimon at 4:00 P. M.

Atter a beautiful afternoon, the day was closed with singing around a campfire on the beach.

Mr. and Mrs. Ernest Fernandes had news that her daughter and son-in-law, Mr. and Mrs. Edwin Smith, have a son, Travis Ray, who was born Sept. 9 in Japan. He joined a sister, Va'ında Lee, three years old. Mr. Smith is in the U.S. Navy, and the family has lived in Japan about 18

Pre-Season Hunting Tips

In advance of the general hunting seasor opening on October 12, the State Game Department suggests the following tips to ensure an enjoyable day afield.

Don't forget that license! Each year many persons, in the

haste to prepare for their hunting trip, forget their license at home ... or forget to buy one. Get it early and be sure to have it with you afield.

In getting to the hunting area of your choice, try to arrive a day early. Opening day will find major highways congested, especially the mountain passes.

Know the game laws BEFORE you go hunting! Shooting a game species you are not entitled to is no excuse for the violation. This season, special duck restrictions are in effect. Check your hunting pamphlets and know your game before you shoot!

Hunt safely! Although Washington State has an enviable hunting satety record, each year needless accidents occur that could be averted through use of common sense and practice of gun safety.

Respect property! The Number One complaint of landowners is LITTER! Each year thoughtless acts by hunters are the reason for land closures to others. Ask before you enter ... permission is required to hunt on all private land. A short conversation with the landowner will often open some excellent hunring land to your use, and provide you with helpful clues as to game whereabouts.

FINISHING MATERIALS FOR INSIDE AND OUT. You can do the simple finishing work urself or you can subcontract for completion and still save

Plans for a new church were reviewed as St. Anne's Catholic Mission held a parish meeting Thursday evening at the home of Art Anderson. Rev. William Maat OSB, who came recently to Queen of Angels Church in Port Angeles, and Rev. Daniel Regimbal OSB, also of Queen of Angels Church, were present.

The proposed plans feature an octagonal building 80 feet by 80 feet. It will include four classrooms which can be used for service area during the tourist season, a cryroom, and overnight facilities for the priest. The materials suggested were mainly woods natural to the area. The plans, with some minor changes, were approved by the parishioners and are now to be presented to the Archbishop for approval.

Rev. Regimbal also informed the parishioners of the change in the mass schedule which will begin next Sunday, Oct. 6. St. Anne's Mission Catholic Church in Forks. The masses will be held at 8:00 A.M. and

CHRISTIAN SCIENCE CHURCH "The law of the Spirit of life in Christ Jesus hath made me free from the law of sin

This verse from Romans is the Golden Text of the Bible Lesson-Sermon titled "Are Sin, Disease, and Death Real?" that will be read in all Christian Science churches this Sunday. Services will begin at 11 A.M. Among related passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by the denomination's Founder, Mary Baker

in the VFW Hall, A St., S.E. Eddy, is the following: "Be watchful, sober, and vigilant. The way is straight and narrow, which leads to the understanding that God is the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or here-

FACT:

Initiative 32 is a proposed law. It would replace open competitive bidding with a system of restricted bidding. For all practical purposes, only those who process logs in Washington could bid on this timber. The measure was REJECTED by the 1967 State Legislature.

FACT:

More than 7,543 people in this state have jobs because we export logs to overseas nations. These jobs make the difference between economic health and depression in much of Washington State.

FACT:

Initiative 32 would permit the TIMBER BARONS IN THIS STATE to sell their logs at a HIGH EXPORT PRICE, but it prohibits the State from selling State-owned logs for export overseas. These same TIMBER BARONS can then buy state timber to meet their own domestic needs at LOWER PRICES without competition from overseas buyers. Guess who will benefit most when the owners of private timber lands have a MONOPOLY on the sale of logs to overseas nations.

FACT:

Initiative 32 would create a need for millions in new taxes to replace revenue lost to school and county road funds. When state timber is sold the money now goes into these two funds . . . the higher the price received, the more money available for schools and county roads.

FACT:

The Washington State Labor Council RE-FUSED to endorse Initiative 32.

FORKS FORUM PAGE 5

FACT:

The Washington State Grange REFUSED to endorse Initiative 32.

FACT:

The Washington State Legislature RE-FIUSED to endorse Initiative 32.

FACT:

The Washington State Democratic Party by platform resolution IS ON RECORD OP-POSED to Initiative 32.

FACT:

The export of logs from public lands constitutes about $8^{c_{\nu}}$ of the total logs exported. If the export of logs is so bad, then why is a public log more dangerous to the economy than a privaitely owned log? The fact is the Timber Baarons, crying crocodile tears over these sales, recally want a monopoly on the sale of logs for EXXPORT AT HIGHER PRICES.

PRO0F:

Research done by the State Department of Natural Resources and other government agencies establishes these FACTS: 1. We are not overcutting our forests; 2. We have ample timber resources to meet all of our domestic and export needs; 3. We're growing timber faster than we're using it; 4. Employment in the forest products industries of Washington has grown from 41,600 in 1961 (the year log exporting began) to 44,000 in 1967, with employment UP during the first two quarters of this year over 1967. The export of logs overseas has created a new labor market which employs 7,543 people in this state; 5. Profits are up! Profit increases of over 50% are reported for some BIG timber concerns this year, resulting in the HIGHEST EVER INCOME TO THESE FOREST INDUSTRY GIANTS; 6. Production is up! U. S. Government figures show lumber and plywood production is also on the increase. Increased production and INCREASED PROFITS are the name of the game for the TIMBER BARONS supporting Initiative 32. THESE ARE THE TRUE FACTS. EACH ONE HAS BEEN PROVEN.

The state of the s

SENATE JOINT RESOLUTION

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

INVESTMENT OF PUBLIC PENSION FUNDS

Shall the Constitution of the state of Washington be amended by adding a new article and section permitting the moneys of any public pension or retirement fund to be invested in such manner as may be authorized by law?

Vote cast by members of the 1967 Legislature on final passage SENATE: (49 members) Yeas, 40; Nays, 8; Absent or not voting, HOUSE: 199 members) Yeas, 86: Navs, 1: Absent or not voting, 12

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present constitutional provisions re-lating to the investment or other use of public funds, there is some uncertainty as to the type of investments which the legislature may authorize the various public employees retirement boards to make when investing pension and retirement funds.

Effect of Senate Joint Resolution No. 5 if approved into Law:

The proposed constitutional amendment would remove this uncertainty by expressly permitting the investment of public pension and retirement funds in such manner as is authorized by appropriate legislative enactment.

HOUSE JOINT RESOLUTION

Proposed Constitutional Amendment

Ballot Title as issued by the Attorney General

AUTHORIZING COMPENSATION INCREASE DURING TERM

Shall the State Constitution be amended by adding a new article permitting the compensation of all elected and appointed state, county and municipal officers who do not fix their own compensation (including judges of courts of record and justice courts), to be increased during their terms of office to the end that such officials shall receive compensation for their services as provided by the law in effect at the time the services are being rendered?

Vote cast by members of the 1967 Legislature on final passage HOUSE: (99 members) Yeas 89; Nays, 8; Absent or not voting, 2 SENATE: (49 members) Yeas, 40; Nays, 6; Absent or not voting, 3.

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the constitution the compensation of elective and appointive state, county and municipal officers, including judges of courts of record and justice courts, is fixed by the state legislature or some officer or public body to whom the legislature has delegated such authority.

In the case of such officers who serve for a fixed term (which, depending upon the law governing the particular office, will be from four to as many as nine years in length) there are several provisions in the present constitution which prohibit increases in their compensation during their respective terms of office. These constitutional provisions apply to officers serving for staggered terms on multi-member boards, commissions and tribunals as well as to other officers serving fixed terms.

Effect of House Joint Resolution No. 13 if approved into Law:

The proposed constitutional amendment would add a new Article to the constitution which would provide that the compensation of those officers named above, who do not fix their own compensation, may be increased during their term of office to the end that such officers shall receive compensation for their services in accordance with the law in effect at the time the services are being ren-

LOGGERS WORLD DANCE

Lawrence and Jessie Brager drove to the Plaquota Ball Room near Chehalis to the Loggers World Dance, featuring Buzz Martin and his band.

Buzz sang all the songs from

his album, "Where there walks a logger, there walks a man", plus the songs from his new album yet to be released. It was well worth the drive.

A Legal Publication from the office of A. Ludlow Kramer, Sccretary of State

To be voted upon November 5, 1968.

SENATE JOINT RESOLUTION

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

AUTHORIZING STATE COURT OF APPEALS

Shall the State Constitution be amended to provide for establishment by the legislature of a state court of appeals with such jurisdiction as may be granted by statute or rules as authorized thereby; providing that the number, manner of election, compensation, term of office, removal and retirement of judges of such court shall be prescribed by statute; and providing that the administration and procedures of the court shall be prescribed by supreme court rules?

Vote cast by members of the 1967 Legislature on final passage SENATE: (49 members) Yeas, 47; Nays, 2; Absent or not voting, 0. HOUSE: (99 members) Yeas, 88; Nays, 4; Absent or not voting, 7

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present state constitution, the state court system is comprised of a supreme court, together with superior courts in each county, justices of the peace, and such inferior courts as the legis-lature may provide. The superior courts are primarily trial courts of original jurisdiction, although they also have appellate jurisdiction to the extent provided by appropriate legislative enactment with respect to causes arising in justice courts and other inferior courts in their respective counties. The supreme court has original jurisdiction in certain cases involving state offices and mandatory appellate jurisdiction in all actions or proceedings except in certain cases where the amount in controversy does not exceed \$200. In all of its appellate cases the supreme court is required to enter a written

Effect of Senate Joint Resolution No. 6 if approved into Law:

The proposed amendment provides for establishment by the legislature of a new court of appeals. The new court's jurisdiction and extent of review power over superior courts is to be provided for by statute or by supreme court rule authorized thereby. The number, manner of election, compensation, term of office, removal and retirement of judges of the court of appeals are also to be prescribed by statute, while the administrative procedure of the court is to be prescribed by supreme court rule.

TAXATION BASED ON **ACTUAL USE**

Shall Article VII of the State Constitution be amended by adding a section authorizing the legislature to provide that farms, agricultural lands, standing timber and timberlands, and other open space lands used for recreation or enjoyment of their scenic or natural beauty, shall be valued for purposes of taxation on the basis of the use to which such property currently is being applied, rather than on the highest and best use?

Reprint from WIBC Magazine

To be voted upon November 5, 1968.

SENATE JOINT 23

Proposed Constitutional Amendment

Shall the State Constitution be amended to

permit taxing districts, if authorized by the

legislature, to submit propositions for prop-

erty tax levies exceeding the forty-mill limit

to their voters up to 24 months before the

levy date, thereby permitting two consecu-

tive annual excess levies to be approved at

one election; and authorizing submission of a

second proposition in any twelve-month pe-

riod only if it is substituted for the excess

levy previously approved for that year?

Explanatory comment issued by the

The Law as it now exists:

Attorney General as required by law

Vote cast by members of the 1967 Legislature on final passage:

SENATE: (49 members) Yeas, 48; Nays, 0; Absent or not voting,

HOUSE: (99 members) Yeas, 93; Nays, 0; Absent or not voting, 6.

Amendment 17 of the state constitution (com-

monly referred to as the 40 mill limit provision)

limits the aggregate of property tax levies by taxing districts to 40 mills on the dollar of assessed

valuation, unless the voters of a taxing district

under certain specified conditions, have authorized

case of excess levies to pay principal and interest

on general obligation bond issues, no proposition to

levy a tax in excess of 40 mills may be submitted

to the voters of the district more than 12 months

before the proposed levy is to be made. Thus, the

voters of a taxing district can only authorize a

single one year excess levy for other than bond

The proposed amendment would permit taxing

districts, if authorized by appropriate act of the legislature, to submit propositions for tax levies

exceeding the 40 mill limit to their voters up to 24

months before the levy date, thereby permitting the

submission of two consecutive annual excess levies

to the voters a proposition to authorize additional

levies under the amendment for any year for which

the voters have previously authorized an excess

levy. However, under certain specified conditions, a

taxing district could submit to the voters at any

time a new proposition to be substituted for the excess levy authorization which had been pre-

SENATE JOINT 24 RESOLUTION

Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

VACANCY: LEGISLATIVE, COUNTY ELECTIVE OFFICES

Shall the State Constitution be armended to provide for filling vacancies in leggislative or partisan county elective offices as foollows: (1) The county commissioners of the county affected shall appoint a person from the same legislative, county or county commis-

officer whose office has been vacated; (2) On failure of the county commissioners to so appoint within sixty days, the governor shall within thirty days appoint a person similarly qualified?

sioner district and political parity as the

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The approval of Senate Joint Resolution 24 is required to prevent subversion of the people's wishes and commands in county government and to guarantee full and adequate representation of the people. Under the present constitutional provision the county commissioners, when a vacancy occurs in a partisan elected county office, have complete and unqualified power to appoint, or not to appoint, a new official to the vacated position. For example, if the official vacating the county office is of a different party affiliation from that of the majority of county commissioners, they may subvert the will of the people by (1) filling the vacancy with a perparty affiliation contrary to that of the official vacating the office, or (2) not appointing any

Effect of Senate Joint Resolution No. 24 if approved into Law:

The approval of Senate Joint Resolution 24 will further the will of the people by first placing qualification on the county commissioners' power of ap-pointment. Their power will he restricted to the appointment of a person who is (1) from the same county or county commissioner district as the officer whose office has been vacated; (2) a member of the same political party; and (3) one of the three persons nominated by the county central committee of that party. Second, if the county commissioners fail to act within 60 days time the governor shall make the appointment from the list of three nominees who shall be of the same political affiliation as the person who vacated the office.

The approval of Senate Joint Resolution 24 is required so as to prevent subversion of the people's wishes such as has occurred in Kitsan County in years past. The importance of Senate Joint Resolution 24 was recognized by the Legislature in its vote on the resolution. Unanimous approval was voiced—47 to 0 in the Senate, 96 to 0 in the House

FORKS FORUM PAGE 1

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

Under the present state constitution and pertinent legislative enactments, all real property is valued for purposes of taxation on the basis of its true and fair value in money, which is determined by the "highest and best use" to which the property could be applied, without regard to its present actual use. The term "highest and best use" is defined by a Department of Revenue regulation to mean the most profitable, likely use to which a property can be put.

Effect of House Joint Resolution No. 1 if approved into Law:

The proposed constitutional amendment would authorize the legislature to provide by law, subject to such conditions as it may enact, that certain real property shall be valued for taxation purposes in terms of its present actual use rather than its highest and best use. Types of property which would be eligible for such treatment are (a) farms, agricultural lands, standing timber and timber lands, and (b) other open space lands which are used for recreation or for enjoyment of their scenic or natural beauty.

SENATE JOINT 1-7 RESOLUTION Proposed Constitutional Amendment

*Ballot Title as issued by the Attorney General.

PROVIDING FOR STATE BUILDING AUTHORITY

Shall Article VIII of the State Constitution be amended by adding a new section authorizing creation by the legislature of a state building authority to construct buildings and improvements for lease to state agencies or departments for up to seventy-five years, and to finance such construction through issuance of bonds or other evidences of indebtedness to be paid from the authority's revenues which would not be subject to the constitutional debt limitation?

Vote cast by members of the 1967 Legislature on final passage: SENATE: (49 members) Yeas, 46; Nays, 2; Absent or not voting, 1 HOUSE: (99 members) Yeas, 92; Nays, 3; Absent or not voting,

Explanatory comment issued by the Attorney General as required by law

The Law as it now exists:

The construction of buildings and other improvements for the various state agencies is from time to time financed through the issuance by the state of general obligation, limited obligation, or revenue bonds. Under the present constitution no law authorizing the state to contract debt in excess of the state constitutional debt limit through the ssuance of general obligation bonds can take effect until it shall have been submitted to and approved by the people at a general election. The state su-preme court has held this requirement of voter approval to be applicable to bonds which are issued to finance the construction of buildings for lease to state agencies when the rental payments are to be financed from state general fund appropriations.

Effect of Senate Joint Resolution No. 17 if approved into Law:

The proposed amendment would authorize the legislature to create a state agency called the state ouilding authority. If authorized by the legislature, this agency could contract with other state agencies to construct buildings and improvements for their use on a lease basis at a reasonable rental rate for a term not to exceed 75 years. In addition, if authorized by the legislature, the building authority could finance such construction by borrowing funds solely on its own credit through the issuance of bonds or other evidences of indebtedness to be secured by pledges of the authority's income or by mortgages of its leaseholds. In the event the authority utilizes this method of incurring indebtness. the bonds or other evidences of indebtedness would not be subject to the constitutional debt limitation and could, therefore, be issued without a vote of the people. Approval of this proposed amendment will vali-

date the provisions of chapter 162, Laws of 1967. which creates a state building authority
