STATE OF WASHINGTON
DEPARTMENT OF NATURAL
RESOURCES
BERT L. COLE
Commissioner of Public Lands
NOTICE OF SALE OF
VALUABLE MATERIAL ON
STATE LAND

Notice is hereby given that on Tuesday, the 28th day of January, 1969, commencing at ten o'clock in the forenoon of said day, at the Forks District Headquarters, located at Forks, County of Chlallam, State of Washington, by the District Administrator of said District, the timber on the following described state land will be sold at public auction to the highest bidder, to wit:

Application No. 33103
Bear Creek Ridge located approximately 6 miles by road southeast of Forks. The sale is composed of all timber bounded by sale area boundary tags and logged area on parts of the following: NE¼, NE¼ SE¼ of Section 23, NW¼, NW¼ SW¼ of Section 24, plus all timber bounded by right of way boundary tags on part N¼ NW¼ of Section 24, all in Township 28 North, Range 13 West, W.M., containing 146 acres, more or less, comprising approximately 6,630,000 bd. ft. of hemlock and white fir and 442.50 for cedar and others, or a total of 6,650,000 bd. ft.

Minimum acceptable bid per thousand bd. ft.; \$31.50 for hemlock and white fir and \$42.50 for cedar and others.
No bidding will be permitted on cedar.

Timber will be sold on a log scale basis. Timber must be removed prior to September 30, 1971.

On or before January 28, 1969, at 10:00 a.m., each bidder must make a minimum deposit of \$20,969.50 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. The purchaser must, on the day of sale, make an additional payment so that the total amount deposited, exclusive of fees, will equal 10% of the full bid price based on the cruise estimate, plus a \$25.00 deposit on a branding hammer and a \$5.00 bill of sale fee. This additional payment may be by personal check. Purchaser must also furnish within 30 days of date of sale a surety bond of \$34,000.00 to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

ACCESS ROAD REVOLVING FUND: \$2,330.00 to be paid on day of sale.

Accessibility: via Department of Natural Resources access. Standard Lumber and Manufacturing Co. and ITT Rayonier Inc. easements.

Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.

To be sold at Forks District Headquarters, on Tuesday, January 28, 1969, at 10 o'clock a.m.

Application No. 32559
Bockman Creek located approximately 47 miles by road west of Port Angeles. The sale is composed of all timber bounded by sale area boundary tags and property lines on parts of the following: Lot 4, N¼ SW¼, NW¼ SE¼ of Section 4, plus all timber bounded by right of way boundary tags on part Lot 4 of Section 4, Township 29 North, Range 12 West, W.M.; part S¼ SE¼ of Section 32, Township 30 North, Range 12 West, W.M., containing 87 acres, more or less, comprising approximately 2,580,-

000 bd. ft. of hemlock, 970,000 bd. ft. of spruce and others and 20,000 bd. ft. of Douglas fir, or a total of 3,570,000 bd. ft.

Minimum acceptable bid per thousand bd. ft.; \$27.50 for hemlock, \$19.00 for spruce and others and \$51.50 for Douglas fir.

No bidding will be permitted on Douglas fir.

Timber will be sold on a log scale basis. Timber must be removed prior to September 30, 1971.

On or before January 28, 1969, at 10:00 a.m., each bidder must make a minimum deposit of \$9,041.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. The purchaser must, on the day of sale, make an additional payment so that the total amount deposited, exclusive of fees, will equal 10% of the full bid price based on the cruise estimate, plus a \$25.00 deposit on a branding hammer and a \$5.00 bill of sale fee. This additional payment may be by personal check. Purchaser must also furnish within 30 days of date of sale a surety bond of \$13,000.00 to guarantee compliance with all terms of the bill of sale. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

ACCESS ROAD REVOLVING FUND: \$180.00 to be paid on day of sale.

Accessibility: via U. S. Forest Service Easement. On the day of sale purchaser shall furnish the Department of Natural Resources with a check payable to the United States Forest Service in the amount of \$4,703.00 to purchase easement.

Complete contract and specifications may be examined at Forks District Headquarters, County Auditor's office, and office of the Commissioner of Public Lands, Olympia.

To be sold at Forks District Headquarters, on Tuesday, January 28, 1969, at 10 o'clock a.m.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a notice of which is now on file in the office of the Auditor of said county, and District Administrator of said district.

LEGAL PUBLICATION

NOTICE OF SALE OF FOREST
PRODUCTS VALUED AT NOT
MORE THAN \$2,000.00

Notice is hereby given that on Monday the 3rd day of February 1969, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

LEGAL DESCRIPTION: The sale is composed of all timber bounded by sale area boundary tags and property lines comprising approximately 90,000 board feet of hemlock and white fir on part SE¼ SE¼ NW¼ of Sec. 29 Twp. 26 N., Rge. 12 W. W.M. Jefferson County, Washington.

CASH SALE
Forest products will be sold on a cash basis.

Minimum acceptable bid will be \$1,933.00.
On or before February 3rd, 1969, at 10:00 a.m., each bidder must make a minimum deposit of \$193.50 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc. are to be made payable to the Commissioner of Public Lands.

BOND: On the day of sale, the purchaser must also furnish a cash bond of \$500.00 in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a notice of which is now on file in the office of the Auditor of said county, and District Administrator of said district.

4-H News

The Part-Time Angels held their 4-H meeting on Monday Jan. 20, at the home of our leader, Mrs. Ernie Christensen and worked on the projects for the coming year.

Members attending were: President-Karen King, Vice-President-Michelle Robertson, Secretary-Debra Christensen, Treasurer-Cindy Christensen, and our new member Kathy Mansfield.

Our next meeting will be

CARD OF THANKS
I am truly grateful to the many good friends who did so much for me during my recent illness. May I take this means of saying thank you for the many comforting expressions of your friendship and affection. Special thanks to Dr. Leibold and the hospital staff.

Mrs. Bruno Sarnowski

forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Access Road Revolving fund: \$20.00 to be paid on day of sale.

Forest products must be removed prior to December 31, 1969.

Located approximately 26 miles by road South of Forks.

Accessibility Via private and Department of Natural Resources access. Purchaser must enter into a Road Use Permit with Peninsula Plywood Corp.

A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

Short Comings

A building permit was issued to Henry Bechtold for construction of a 3 unit apartment at 3rd Avenue and Division. D. D. Peterson & Son builder.

Loggers may have been out of work, but anyone with a piece of equipment capable of removing snow were able to pick up some spending money by clearing snow from business parking lots and private roads and driveways. Mountain loggers, tractors, graders and payloaders were a portion of the scenery on the Forks streets for a week.

Forks Lions Club is presently selling tickets for its annual guided steelhead trip. Tickets can be purchased from many local businesses or Lion members.

Art Munson's barn collapsed under the weight of the snow which reached over 3 feet in the Beaver area last week. People answered the call for help to assist Art in clearing enough debris so he could get to the hay and feed his cattle.

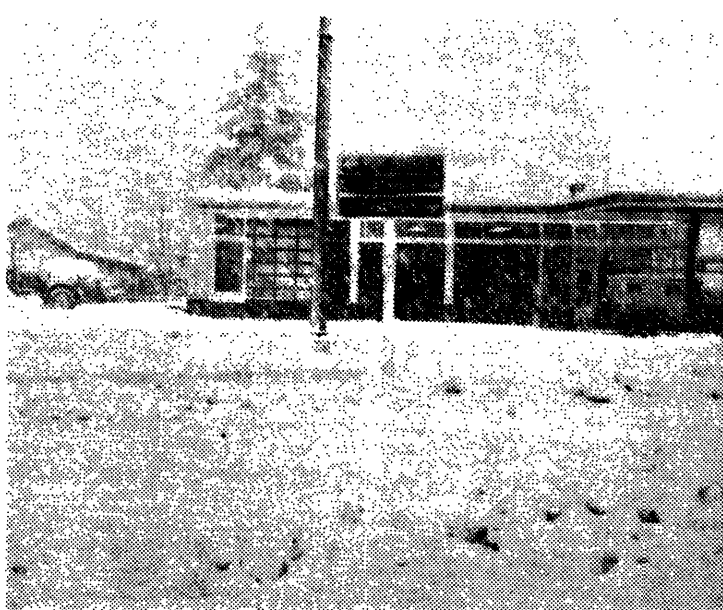

Game animals must be suffering from the heavy snow cover. One small band of elk were pawing away at the underbrush in search of food. The elk begin chewing at the maple branches when the winter conditions prevail for a lengthy period of time as they have.

Kids have been enjoying the ideal sledding conditions, but they can't enjoy it more than some of the parents. Be careful on the sledding slopes, injuries spoil all the fun.

Impressive victories by the Forks Spartans basketball team Friday 63-37 over Lakeside and Saturday 66-45 over Vashon have placed the Spartans in a tie for first place in the Olympic League. Weather conditions didn't hamper the attendance here Friday as a packed house cheered the Spartans to victory.

Forks Forum

This Our Town!

Highway sign in center is partially hidden during a heavy Forks snow.

NO PASSING! KEEP RIGHT!

A barricade of snow divides our town into an East and West side. According to the weather man, our divider will stay with us for several more days. How often can you look down the main street of Forks and see no logging trucks. Those big trucks may make a lot of noise but without them our community is at a stand still.

From January 6th to January

19th a total of 24 inches of snow has been recorded by Mrs. Olive King, cooperative weather observer, in Forks.

The Tyee-Beaver-Sappho areas have 3 feet of snow and 31/2 feet is on the ground at Fairholm Resort.

Daytime temperatures have been in the mid 30's with the temperature dipping to the low 20's at night and by Tuesday night temperatures dropped into the low teens.

The state highway and county road crews have been working around the clock in an effort to maintain the roads and highways.

Most roads are covered with packed snow and ice. Motorists should continue to use extreme caution while traveling.

Forks schools have remained open throughout this period of snow covered conditions. Most of the buses were running by Monday.

School Board Meets
Despite Weather

The board of directors of Quillayute Valley Schools opened fuel bids, approved revised floor plan for new elementary administration office and set the date for the bond sale in major business at the January 16th meeting.

Fuel bids were awarded subject to conditions of county bids. Texaco was awarded the bids on gasoline at .2279 cents per gallon and diesel at .132 cents. Peninsula Fuel was awarded the bid on PS 300 fuel oil at .094 cents per gallon.

The date for the second

attempt to sell construction bonds was set for February 13th. The board rejected all bids on the earlier date.

Mr. Tom Winsor presented the new floor plan for the elementary administration building. After a brief discussion the board approved the plan.

The fencing of the property line between the new building site and the Oscar Peterson property was discussed. Mr. Peterson has agreed to furnish the cedar poles and labor and the school will purchase the wire for the fence.

Board approved the action of permitting the KVAC announcer permission to ride the team bus when it is necessary due to transportation problems. The board felt it was in the public's interest to permit the action.

The board recommended that insurance coverage on buses and other school vehicles be increased to the \$500,000--\$1,000,000 level.

Upon the recommendation of Mr. Winsor, teachers and completion of the teacher aide course, four aides were approved by the board. They are Mrs. Lillian Kiel, Mrs. Della Joursen, Mrs. Betty Munson and Mrs. Dixie Gaydeski.

A letter of appreciation from Mrs. Hazel Leyendecker was read to the board. Mr. Leyendecker recently retired and was presented a special service award by the district for long service.

The next regular meeting will be held February 20.

Spartans Win League Victories
In 3-Way Tie For First

Forks Spartans raced to two league victories last weekend and are tied for the league title race with Sequim and Port Townsend all with 3-1 records.

The Spartans defeated Lakeside 63-37 Friday and took the long trip to Vashon Saturday where they sank the Pirates 66-45.

Forks hosts Sequim as league action continues Friday. Port Townsend travels to Vashon. Forks hosts Quinault in a non-league tilt Saturday night.

The Spartans used good defensive work, board control and a good night at the free throw line to rout Vashon.

Forks moved to a 29-19 half-

time advantage. The Forks defense held Vashon scoreless until the 4 minute mark of the third quarter, at that point Jay Gullledge hit a freethrow and the Spartans led 37-20.

The Spartans were at the freethrow line for 44 shots and hit 28 times. Jerry Price hit on 12 of 16 attempts and led all scorers with 26 points. Larry Baker was the other Spartan in double figures with 11. Gullledge reserves 54-49.

The Pirates were content to sit in a 2-3 zone the entire ball game and committed 33 fouls in the contest. Four starters and one reserve left the game via the foul route.

Scoring

FORKS (66)
Baker 11, S. Perry 0, Liles 4, Spoelstra 7, J. Price 26, Rosmond 1, Seigle 4, Gale 0, M. Price 8, Rondeau 0, Keeley 5.

VASHON (45)
Shigley 8, Phaneuf 12, Gullledge 15, Reed 8, Caraher 0, Planchich 1, Hansen 0, Garrison 0, Bell 0, Layton 1.

The Forks junior varsity came from behind to nip the Vashon reserves 54-49.

Forks got a fine team effort the second half from Pete Dahlgren, Dave Beebe, Ed Jackson, Ron Allen and Don Hutt.

Beebe led the scorers with 14, Allen netted 13 and Hutt 12.

Fridays game results on page 11.

Maggie's Mail

Replacing the Electoral College with the direct election of President and Vice President was asked in a constitutional amendment proposed today by Senators Warren G. Magnuson, D., Wash., and Birch Bayh, D., Ind.

Magnuson and Bayh noted much immediate support for their measure, predicting it would draw as many co-sponsors in the 91th Congress as when they proposed it two years ago.

"Now there should be even more support to pass it so the 50 state legislatures can ratify it without further delay," Magnuson predicted.

The so-called Ervin "Bill of Rights" measure to safeguard rights for governmental employees today again drew the sponsorship and support of Senator

Warren G. Magnuson, D., Wash. "Fifty three colleagues joined Senator Sam Ervin of North Carolina and myself in sponsoring this legislation last Session," Magnuson noted. "It passed the Senate by vote of 79 to 4, only to die in the House Post Office and Civil Service Committee."

Prospects for its passage are much brighter in the 91th Congress, Magnuson said, "because both major party platforms and position papers by both Presidential candidates point to a bipartisan commitment to further legislative protection for employee privacy of the nature assured in our bill."

Magnuson predicted that the measure would set common-sense guide-lines which can be emulated in many sectors of our society.

Those who died on the USS UTAH on Pearl Harbor Day, December 7, 1941, would be accorded the same recognition as those who went down on the USS ARIZONA, through a measure co-sponsored today by Senators Warren G. Magnuson, D., Wash., and Frank E. Moss, D., Utah.

"The officers and men entombed in the hull of the UTAH represent almost every state and certainly every area of the country," Magnuson pointed out. "Three of the men were from Washington State."

The measure is needed so that "our colors may be flown over the hulk of the UTAH as now is done over the ARIZONA," Magnuson exclaimed. "This recognition is overdue and very much deserved."

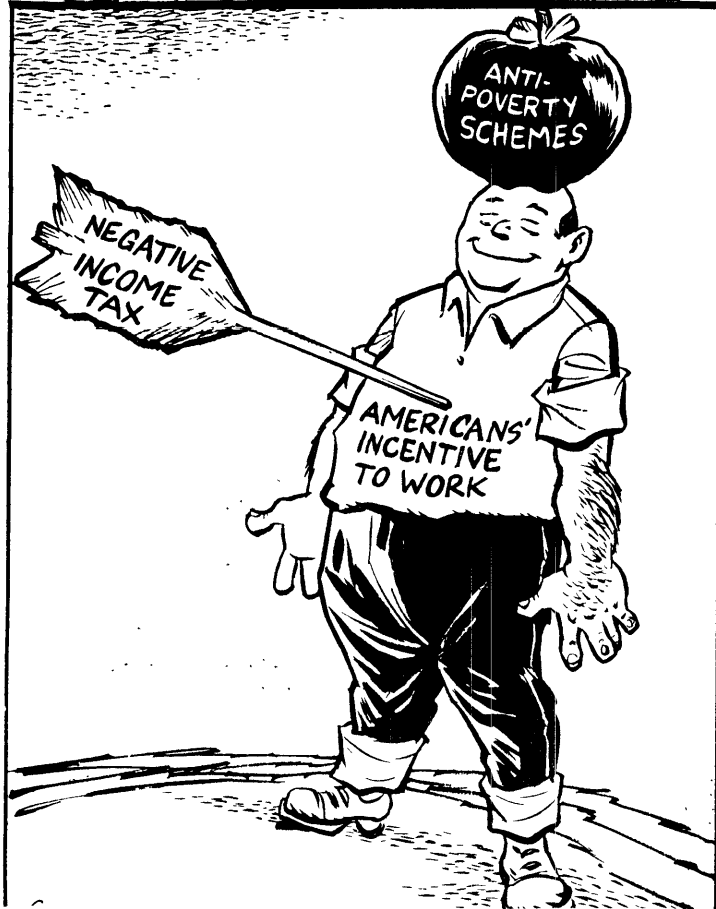

Naval officials have indicated no objection to the measure, Magnuson said.

GUARANTEED INCOME IS NOT THE ANSWER

Guaranteeing everybody an adequate income might seem to be the most direct and simple method to end poverty. But it could be the most destructive, according to a Stanford University economist.

Dangers in the various income supplement proposals, such as the Negative Income Tax and the Guaranteed Annual Income, are easily apparent, says Roger A. Freeman, Senior Staff Member of the University's Hoover Institution on War, Revolution, and Peace.

Easy access to public funds, in Freeman's opinion, is economically wasteful and socially destructive. "There is an inherent danger," he says, "in dividing the people into two classes: those who produce and pay taxes and those who are permanently dependent on the public treasury although they could perform useful work."

Freeman says society does owe its members an opportunity to earn a living, and he calls on the nation to maintain adequate incentives to work rather than incentives not to work, as some of the currently proposed income maintenance programs would do.

"If a 4-person family can get from the government without work \$3,335 and a household of different size a proportionate amount—who will take a job paying \$3,500, \$4,000 or \$4,500?" Freeman asks. "Entire occupations would be wiped out . . . a large part of the labor force would immediately retire and most agricultural employment would end. . . . The combined impact of demand-push and cost-push inflation and a reduced supply of goods would be overwhelming and the 'noble experiment' would soon collapse of its own weight."

Such considerations, added Freeman, are deemed irrelevant by enthusiasts who hold that human dignity and social justice give everybody an absolute right to an adequate income from the government. But who is "the government" but the people who work and pay taxes. Thus, says Freeman, to give people who prefer leisure to work a claim on the product of those who choose to work, forces the latter group into an involuntary servitude, a new form of slavery.

Sunset Highlites

By FRED JARVIS

Boy! Old Mother Nature doesn't know when to quit. Just keeps piling it up like the old boy who threw his magic salt mill in the ocean and it kept pouring out the salt, making the seas so salty. Remember that story from your younger years? Yeah. I remember when I used to flip when we had snow like this. Now, I think I've flipped again. Be cutting out paper dolls soon.

The game of bowling probably wouldn't be where it is if it weren't for those unsung people, the Sponsors. About time we give a little credit where credit is due.

This week I'd like to salute Aub and Ruth Johns, sponsors of the Sunset League, John's Motors team. Aub throws a pretty mean ball as sub on his team and they both bowl in The Early Friday Mixed. Real nice folks, and I enjoy bowling with or against them as I'm sure every one else does.

Kay Sundbery and Sally Nagel shared Hi10 with 200 for the Tuesday afternoon gals and Sally copped Hi 30 with a 536.

Darrell Thomas topped the Sunset men with 216-588, Larry Keeney, packing a 129 average, tossed a 192-484.

Jerry Beebe shot a nice 210 for Hi 10 in the Wed. Powder Puffs and Paula Lyda had a Hi 30 of 524.

Jim Rondeau led the Boys Bantams with 157 and a Hi 20 of 288.

In the Hoot Owl League, Kathy Hamby rolled a 194, Marcia Goos a 190, and Colleen Brooks had a 503 with Lotus Hurling close behind with 500 even.

Yvonne Kettel really boiled over last Thursday nite. She rattled the pins for a 209 single and knocked over 574 sticks for the three games. Good bowling!

Dot Vedder picked up the 2-4-5-10 split. How did you ever leave that. Dot?

Darrell Thomas was the big gun in the West End League, as he threw a 244 game and a series of 678. Terrific!

Ruth Birdwell must have had her Wheaties before she came to the Early Fri. Mixed last week. She tossed her best ever, a 211 and 561. Congratulations, Ruth. Is that why Ray was down practicing Saturday?

Sally Nagel had a good game of 202 and Aub Johns and Duke Streeter led the men with 210 and 566 respectively. Gayle Helfrich and Herb Beebe both missed on their Jack-pot shots at Sat. Nite Monte Carlo and John Nagel had his name called for the first time and won seven free games.

While John and Big Al Genson were battling each other over our little side pot. Ol' Dad snuck in and grabbed the dough for the last game. They'll be after my hide next time out.

Del Gott and Dean Helfrich bowled up a storm in the Sunday Nite Mixed. Del hit a Hi 10 of 234 and Dean had a 229 and a Hi 30 of 583.

Rillie Bryan had a 199 and Kathy Hamby a 516 to top those events for the women.

Brazer Bros. Log clinched the first half of the Forks Prairie League Monday nite as they stole a point and a half from under Spoelstra Bros. noses.

Lower average bowlers ended up with everything as Dean Helfrich blasted out a Hi 10 of 226, and Sonny Smith and Wiley Duncan shared the Hi 30 with 548.

The Women's City Association had a meeting last nite (Wed.) to vote on whether or not to move their tournament time or not because of the snow and unemployment. If they didn't change it, it will be held as scheduled with the doubles and singles Feb. 1st and 2nd, and the team events Feb. 8 and 9th. Any change will be posted.

Husky Sport News

The University of Washington Husky basketball team travels to the Palouse country this weekend, where they meet the Idaho Vandals and the Washington State Cougars Thursday and Saturday respectively.

Earlier, the Huskies defeated the Vandals at home in Hec Edmundson Pavilion, 72-58.

The Huskies will meet the Cougars for the first time this season on Coast TV, and the Huskies' fortunes on the tube the last few years have come out on the losing side.

Ending the TV jinx against the Cougars will be no easy task. Three of the WSU starters return from last year's team that beat the Huskies twice—once on TV in Hec Edmundson Pavilion.

Gary Elliot, a 6-7 Idaho product, will be at one forward, 6-9 Ted Wierman will be at the pivot, while 5-9 Lenny Allen will hold down one guard spot. Meanwhile, holdover Rick Erickson will be at the other guard spot while fantastic sophomore Denny Hogg will hold down the other starting position. Thus far, he has been the Cougar's leading scorer.

The Vandals will offer a much tougher form of opposition playing on their home court in Moscow than they did the last time in Seattle. Last time out against the Huskies, Coach Wayne Anderson went with 5-9 Jerry Thacker and 6-0 Phil Waddell at the guards, 6-7 Adrian Prince and 6-4 Jim Christensen at forwards, and 6-6 leaping center Steve Brown. The latter was the NCAA high jump champion two seasons ago.

Coach Tex Winter, getting much improved play in his squad's upset win over Ohio State and opening two conference games on the road against Cal and Stanford, will probably go with 6-51/2 George Irvine and 6-4 Pat Woolcock at the forwards, 6-9 Jay Bond at center, and will choose from 5-9 Rafael Stone, 6-0 Dave West and 6-0 Dave Willenborg for the guard spots.

Bruins Continue To Roll Thump Neah Bay 67-44

A balanced attack carried the Clallam Bay Bruins to a second straight league win with a 67-44 romp over the Neah Bay Red Devils.

Spartans Win

The hustling Forks Spartan defense played a major roll in the big 63-37 victory over the visiting Lakeside Lions here Friday.

The Spartans opened a 10 point spread at the half with a 30-20 score behind the shooting of Larry Baker and Jerry Price.

The third quarter was marked by good defensive play on the part of both teams. The Spartans scored 11 points in this quarter and the Lions managed only 7.

The Lions switched to a man-to-man defense in the fourth quarter and the Spartans ripped it apart for 22 big points and a onesided victory.

The Lion high scoring guard duo of Fred Eaves and John Weeks were held to 12 points total with Steve Perry and John Spoelstra handling these defensive assignments for the Spartans.

Jerry Price led the Spartan scoring with 16 and Larry Baker hit for 14. Lakeside's Steve Bean paced all scorers with 18.

Scoring:

Coach Harold Van Riper went to the bench early as the Bruins opened with a 18-6 first quarter lead. By halftime it was 34-17. Ten Bruins hit the scoring column in routing the Neah Bay squad.

Dan Wilson led the Bruin attack with 16 and Don Wilson had 14. Don Black led Neah Bay with 13.

Clallam and Chimacum are the only undefeated teams in the North Olympic League.

The Bruins are 2-0 and Chimacum is 1-0.

Clallam host Mary M. Knight in a non-league Saturday night.

Scoring:

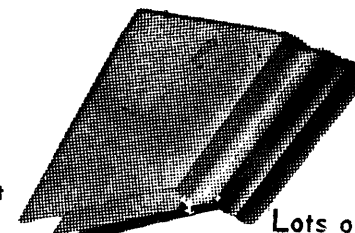

NEAH BAY (44)
Arnold 4, Soenecke 5, McGimpsey 5, Black 13, Green 10, Jarrett 2, Noel 3, Stangle 2.

CLALLAM BAY (67)
Dan Wilson 16, Don Wilson 14, Stembeck 6, Tulloch 7, Hanson 3, Youlden 4, Hamilton 6, Stock 4, Murray 3, Hernandez 2.

FORKS (63)
Baker 14, S. Perry 0, Liles 7, Spoelstra 8, J. Price 16, Rosmond 1, Seigle 6, Gale 3, M. Price 8, Rondeau 0, Keeley 0.
LAKESIDE (37)

A GOOD START
John Spoelstra (52) picks up two points shortly after the start of the Forks Lakeside game Friday night in the Forks Gym. Despite bad roads, many Spartan fans took their favorite seats to watch Coach Mohondro's boys out hustle, out rebound, and out-score the Lions of Lakeside. The Lions came onto the floor roaring but left at the final buzzer purring their way to the locker room knowing they had been tamed at the hands of the fighting Spartans.

Management Course Closed At Peninsula

Practical Management For Small Business, a new course offered in the evening division at Peninsula College this year, has enrolled 116 persons, according to College authorities. The course deals with practical business problems and is specifically designed for the owners and managers of firms with less than 25 employees.

The course is being offered by Peninsula College in conjunction with the Small Business Administration. Wilfred J. Morrish, PC instructor, is coordinator for the class. "We've had to close the class to new students because there are no more seats in the lecture hall," Morrish said.

The popularity of the class has demonstrated that the citizens of Clallam and Jefferson counties are interested in such subjects. Morrish said, "In this course we are learning which specific business subjects are of most interest to the community. Now we hope to develop additional courses based on interests already demonstrated."

Legislative Corner

Senator Gordon Sandison (D-Port Angeles) said today the State Highway Department proposes a \$1.4 million budget for new projects in the 24th Legislative District in the 1969-72 biennium.

He said the largest request is in Clallam County, \$325,000 for paving and traffic services on 9.5 miles of U.S. 101 from Fairview Road to Sequim Avenue. In Jefferson County, a request was made for \$205,610 to pave 25 miles of highway from Queets to the Hoh River.

In Mason County, the department asks for \$111,300 for paving 10.4 miles between the junction of Merrimount Drive to the junction of State

Clallam—Sekiu News

The Clallam Bay-Sekiu Lions held their regular meeting at the Lions Den January 15th.

Program for the evening was presented by Charles E. Tulloch, vice chairman of the Clallam Bay Sekiu Lions passed a resolution supporting the amendment and they urge all individuals and all organizations to support the amendment.

Highway 3.

Senator Sandison said the budget also calls for \$2.2 million to continue projects now under construction. An additional \$10,000 is sought for projects authorized by the 1967 Legislature but not yet started. Continuing work on U.S. 101 from Lee Creek to Deer Park Road has a budget item of \$972,950.

Urban Arterial Program funds in the amount of \$1.5 million are requested for construction of four miles of U.S. 101 from Shelton to Cole Road in Mason County.

Other fund requests, Senator Sandison said, include: SR 112 from the boundary of the Makah Reservation to Sekiu, \$150,000, SR 101, Queets to Hoh River, \$164,610, SR 101, Amanda Park to Queets, \$44,500.

Senator Robert C. Bailey (D-South Bend), Majority Caucus Chairman, today announced Senate committee chairmanships for the 41st session of the Legislature.

He said Senator Gordon Sandison of the 24th District will serve as chairman of the Committee on Higher Education and Libraries and as a member of the Committees on Highways; Natural Resources, Fisheries and Game; Public Institutions and of the Ways and Means Committee.

Tyee—Beaver—Sappho News

BY MRS. J.E. MERRITT

Mr. and Mrs. John Merritt were extremely thankful on Thursday afternoon for the deep snow at the back of their house. John had gone to the roof to remove the snow and was holding onto the guy wire that held the TV antenna in place. The guy wire which had been in use

Short Topics

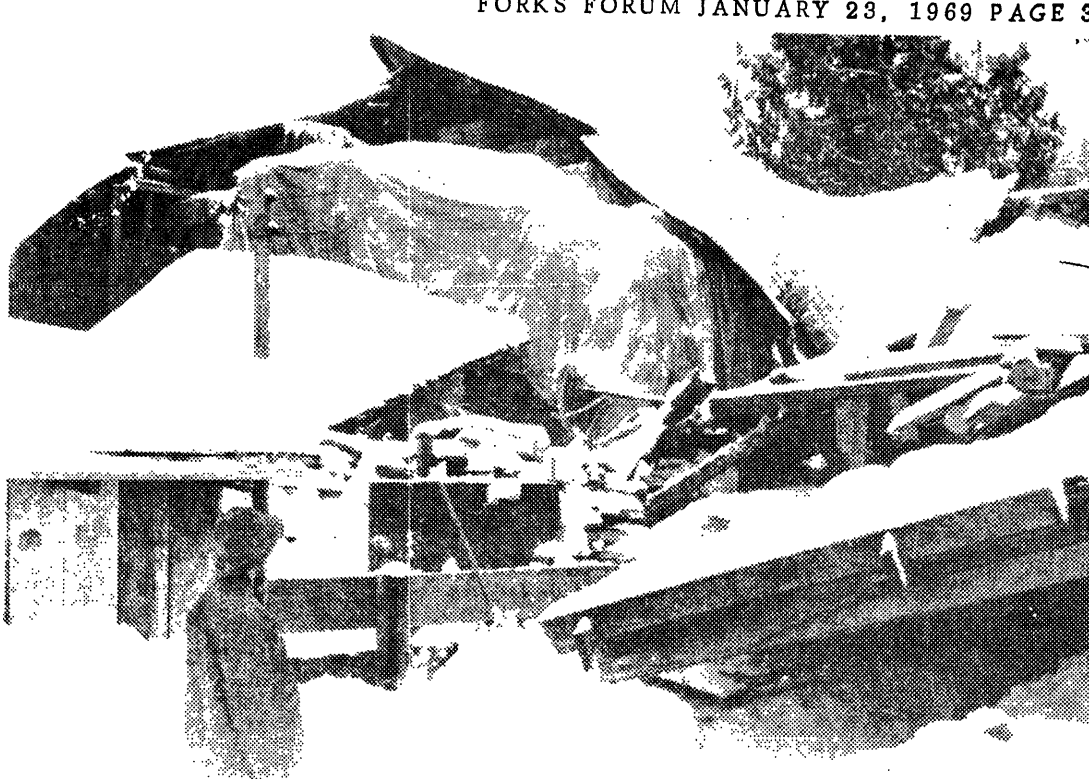

Yesterday Norbert Megorden died of a heart attack while he was shoveling snow off from his roof. He was Nansen Anderson's brother-in-law.

Captain E.L. Fletcher of Westport died last night. He is survived by one brother, John, Forks, a sister Mrs. C. R. Horner, Seattle, a son Allen Leroy, Westport, a daughter Dorothy, San Francisco and thirteen grandchildren.

since Feb. 18, '55, broke, the antenna fell and John slid --- backwards---off the roof, landing on his feet in the pile of snow, which was at least two feet deep at that place, not including a lot that had been removed from the roof previously. The snow cushioned the fall and he was not hurt, nor even "shook-up", although his right arm seemed to be somewhat lame. His glasses, however, are somewhere in the pile of snow, where they will have to remain for "the duration."

Fortunately, he had an extra pair, which will have to do for awhile.

Several others have fallen: from roofs they were clearing of snow, among them Martin Engerth and Bruno Sarnowski, and they too, have the deep snow to be thankful for.

NATURES TRAGEDY

Art Munson glances over the remains of his barn which collapsed last week from heavy snow and a gust of wind. Art recalls the hard work of constructing the barn in 1940 from materials which he cut from his own land.

by Lonnie Archibald

Barn Collapses

The hay barn on the Arthur Munson place, between the Beaver School house and Sappho, collapsed at about 11 p.m. last Thursday.

The barn, built by Mr. Munson in 1940 from materials on the farm, had as its nucleus a hay shed, built more than 50 years ago by the former owner, the late R.H. Kidd. That building was held together by cables and turn buckles and after the many years of use the turn buckles weakened until they finally gave way. The weight of the snow probably contributed to

Church News

"Lord, who shall abide in thy tabernacle? who shall dwell in thy holy hill? He that walketh uprightly, and worketh righteousness, and speaketh the truth in his heart." This verse, which is part of the Christian Science Lesson-Sermon titled "Truth," will be read in all Christian Science churches this Sunday. At V.F.W. Hall, A. Street S.E., services will begin at 11 a.m.

From the denomination's textbook *Science and Health with Key to the Scriptures* by Mary Baker Eddy, one of the related passages to be read is the following: "The question, What is Truth, is answered by demonstration, --by healing both disease and sin; and this demonstration shows that Christian healing confers the most health and makes the best men."

CARD OF THANKS.

We would like to thank KVAC, Mrs. John Merritt and all the wonderful people who shoveled snow from our mail box, buildings and driveway.

Thank you to all that called and offered help. May God bless you all. Esther & Sanford Floe

Robinson-Palmer To Wed

Miss Thana Rae Palmer, daughter of Mr. & Mrs. Charles L. Palmer, Forks, will become the bride of George Edwin Robinson, son of Mr. & Mrs. Norman Robinson Forks, Saturday, February 1st at 2 p.m., in ceremonies at the Forks Congregational Church.

Miss Palmer is a 1964 graduate of Forks High School and

presently attending California State College, Long Beach, Calif., where she is a senior majoring in political science. Robinson is a 1963 graduate of Forks High School. He enlisted in the U.S. Navy in 1963 and spent 18 months in the Philippines. He is employed by Taylor Aircraft and plans to attend school at Long Beach City College.

KATHERINE DUDLEY MARRIES

Katherine Elizabeth Dudley, daughter of Mr. and Mrs. Robert Lee Dudley of Forks and William Harold Buchanan II, son of Mr. and Mrs. William Harold Buchanan of Aberdeen were married in Los Angeles December 21, 1968.

Mr. Buchanan is a graduate

of the University of Washington. He majored in mathematics. He is a realstate salesman and a public school teacher in the Los Angeles area.

Mrs. Buchanan is a graduate of Northwest College of Kirkland. She is a receptionist at the University of California at Los Angeles.

OFFICE LOCATED AT SEQUIM-PORT ANGELES-CLALLAM BAY-FORKS

Cape Flattery School Board Action

Cape Flattery School Board acted on a teacher resignation and acceptance of Shirley Ann Jacobson to finish the year, heard the clerk's financial report, discussed teenage drug problems and discussed the use of instructional films at both schools, at the January 13th board meeting held in the Neah Bay School Library.

Board members present were: Elsie Tulloch, chairman, Ruth Hinkle, clerk, George Munro, David Lucas, and David Parker and superintendent Glen Willison.

A letter of resignation from Mrs. Christine Saunders, Clallam Bay 1st grade teacher, was read, and Mr. Munro moved to accept her resignation. Mr. Parker seconded and carried. Mr. Munro moved to hire Shirley Ann Jacobson for the position. Mr. Parker seconded and carried.

Mr. Parker and Mr. Goheen

reported on the attendance-counselor program. Mrs. Eleanor Ward has been hired for the position. She will work approximately 2 hours per day.

The financial status, composite lunch and list of bills was presented by the clerk.

During the 1967-68 school year the Neah Bay School booked 258 films and the Clallam Bay School booked 179 films from the County Film Library. This was an average of 11.1 per teacher compared to 9.49 average for all schools in the two counties. Mr. Riedel explained the process involved for obtaining films and other instructional materials from the County Film Library in Port Townsend.

Low water pressure has been a problem in the kitchen and elsewhere at the Neah Bay School since the freezing weather. Thanks to the good work of the custodians, very few

pipes broke in the schools. One housing unit had a number of breaks at Clallam Bay. Mr. Brow has everything repaired.

Mr. Parker discussed the drug problem and what could be done to educate the teachers. Mr. Ulrickson said there were films available for the teachers to study from the State Dept. of Health. Mr. Bigelow will write to Seattle for information regarding a program put out by the Seattle Police Dept. on detection of drugs.

Mrs. Tulloch appointed Mr. Munro and Mr. Parker as members to serve on the Negotiations Committee with delegates from the WFA. Mrs. Tulloch will serve as alternate. Wednesday, January 29, 1969 was the date set for a study meeting for the board members to be held in the Supt. office at 7:30 p.m. They will study Rules and Regulations, Policies on Supt. from the policy manual, and building plans.

Mr. Lucas moved to approve the vouchers and payroll. Mr. Parker seconded and carried. Adjournment came at 9:20 p.m. Next regular meeting will be February 10th in the Clallam Bay Home Ec. room at 7:30 p.m.

Editors Comment

A special report from the Department of Highways in Olympia lists the construction program for state highways and urban state highways in the area of Legislative District #24.

This area has taken a backseat to the major freeway system for a number of years now. The last major highway program in the North Olympic Peninsula was the rebuilding of 101 from Port Angeles to Forks.

The construction of the 4-lane section east of Port Angeles was a major improvement and approximately \$1.3 million have been set aside to continue the improvement of this road on to Sequim. This section of highway has been a traffic problem.

A major project is scheduled for Highway 112 between the Pysht Junction and Clallam Bay. \$695,000 has been allocated for construction of the section between Clallam Bay and the Clallam River. Another \$122,000 construction project will improve the existing road between the Clallam River and the Pysht Junction.

Hoko River bridge improvements have been established at \$9,000.

The construction program does not cover any improvements in the section of Highway 101 and the Bogachiel River bridge. This section of highway has been the scene of numerous accidents and fatalities over the past 10 years. This section of Highway 101 definitely warrants some major improvement. The major problems with this section of the road are slide areas, curves banked the wrong direction and a poor approach to the narrow bridge across the Bogachiel River.

The trucking industry pays a sizeable tax tab to the state of Washington and over the past few years more money has been spent in this area on road maintenance than road construction

SCHOOL LUNCH MENU

MONDAY: Chicken & noodle casserole, buttered peas & carrots, buttered bread, canned peaches, milk.

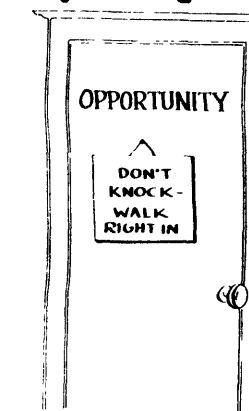

TUESDAY: Spanish rice with meat, buttered corn, buttered bread, white cake with topping, milk.

WEDNESDAY: Chili burgers, Hawaiian slaw, carrot & celery sticks, apple crisp, milk.

THURSDAY: Vegetable beef stew, whipped potatoes, buttered bread, chocolate pudding, milk.

FRIDAY: Tuna noodle casserole, buttered green beans, buttered bread, dessert, milk.

Meditation

"ASSASSINATE YOUR BRAINS"?

By Art Morlin

The gospel of Jesus Christ is not anti-intellectual. A misconception held by many people is that the gospel is so simple it is only for people who can't think, who are to ignorant to believe anything else. This is completely false. While it is true that the gospel of Christ can be grasped by the most primitive savage, it is equally true that it has been and still is the answer to life for the most outstanding minds. You don't have to assassinate your brains to be a Christian believer, as many outstanding men can testify. Lambert Dolphin, Jr., research physicist at Stanford University, says: "I wasn't even a true scientist until I met Jesus Christ. I couldn't be, for I was cut off from reality. Life with God is the only reality. And that is only possible through faith in Jesus Christ and his atoning death for our sins. Jesus Christ is the answer to the secret of the universe. In Him I have found the reason for life and the key to everything."

J. Edgar Hoover, famed director of the FBI, has said, "There's respect for human dignity only where Christ and the Bible are a way of life."

Walter F. Burke, general manager of Project Mercury and Gemini and also vice-president of McDonnell Aircraft Corporation, was one of ten scientist interviewed by James Hefley, writer and minister. When Mr. Burke was asked his opinion concerning what science is doing to man's faith in God he replied, "Personally I think the space age has done a great deal of good. It has been a factor in the deepening of my own spiritual life. I read the Bible more now." And he also added, "I have found nothing in science or space exploration to compel me to throw away my Bible or to reject my Savior, Jesus Christ, in whom I trust."

The testimonies of these "high powered" intellectuals along with thousands of others prove that you don't have to "assassinate your brains" to be a Christian who will love and live and stand for the gospel of Jesus Christ.

Your inquiring mind

CHECK THE FOLLOWING QUESTIONS THAT YOU MAY HAVE ASKED YOURSELF:

- () Can there be more to life than eating, sleeping, studying, working and playing?
- () What is the purpose of my life?
- () What is prayer for? Does it really work?
- () Does God really exist? Can I know Him personally?

If you checked any of these questions, you're the kind of person who "knows" that life should be more than just living. You have an inquiring mind — one that wants to know what life is all about.

You've asked yourself some pretty important questions. Now follow through. Come to church regularly, and get the answers from God.

AFTER 5 P.M.

RUSHING WATERS

Although Beaver Lake is now frozen over, its drainage rushes on toward the Sol Duck River past banks of deep snow and ice.

By Lonnie Archibald
