

SECOND BY A STRIDE-The mile relay team of Dennis Perry, Russ Gale, Steve Perry and John Spoelstra placed second at district and missed a trip to the state meet by five-tenths of a second as Lakeside won in the time of 3:32.1. Forks ran 3:32.6, a new school record.

Forks BR In Win Over K of C

Two runs in the third inning and steady pitching by Ray Maxwell and Chip Pruefert paved the way to a 2-1 Forks victory over the Knights of Columbus in Babe Ruth play Saturday.

Mark Soderlind opened the Forks third with a walk. John Jacobson flied to right, Soderling advancing to second after the catch. Ken Olson walked. Bill Klahn drilled a single to left, Soderlind scored and Olson ended up on third. Jeff Blair walked to load the bases. That chased Knights starter Ward and Fry-

er came on to pitch to Pruefert. Pruefert slammed Fryer's first pitch into left, driving in Olson with the eventual winning run. Klahn was thrown out in a run down between home and third as he attempted to score on the hit. Maxwell flied to the shortstop to end the frame.

Fryer held the Forks hitters in check the rest of the way. Maxwell was relieved by Pruefert in the fifth. He pitched steady ball until the seventh.

Hobson was hit by a pitch to open the bottom of the seventh for the Knights. Pruefert issued walks to Willemssen and Howell loading the sacks. Hobson stole third and scored on a passed ball. Fryer hit a slow roller to the right of the mound and Pruefert tossed to the catcher Ron Dimmel for the tag on Willemssen.

Pruefert walked Cameron to load the sacks and then struck out Anderson and Tyler to end the game.

Town Council Hears Park Board Report

Park Board representatives Richard Haberman and Wayne King were present at the regular council meeting Monday evening to inform the council of recent action taken by the Park Board.

Mr. Charles Meinzer has been hired by the Park Board as maintenance man at the park.

Haberman reported that Bill Thompson is redesigning the comprehensive parks plans. The original plan was thought to be somewhat elaborate.

The Park Board reported that approximately 300 members of motorcycle clubs from Washington will use the park area the last weekend in June.

The Council discussed with some reservations, the idea of allowing a motorcycle club into the park and some of the problems that could occur.

Football letter awards were presented to: Don Hutt, Ken Holz, Larry Baker, Steve Perry, Russ Gale, Chuck Keeley, Dennis Perry, Mike Price, Pete Dahlgren, Dave Demorest, John Richards, Dave Beebe, Mike Simmons, Jack Myntti, Rocky Fletcher, Chet Hunt, Steve Foster, Clayton Oakes, Randy Oros, Danny Payne, Bruce Allen, Eddie Jackson, Gene Bourm, Gary Gaydeski, Larry Gaydeski, Rich Pursley, Danny Hinchin, Bob Seigle, Rich Liles, Jim Rosmond and manager award to Darrel Beebe.

State Timber Cut Increases

The Forks District of the Department of Natural Resources is gearing up for a big increase in workload, reported E. C. Gockereil, North Olympic Field Supervisor.

The Forks annual cut has taken a big jump from 300,000, 000 bd. ft. to nearly 400,000, 000 bd. ft. This is over half of the entire State owned timber cut of 774,000,000 bd. ft.

The annual cut at Forks was 150,000,000 bd. ft. in 1962. It went to 200,000,000 bd. ft. in 1965 then to 300,000,000 in 1966 and now has jumped to the 400,000,000 figure. These whopping big increases have had a big effect on the local community from increased logging activity, more people to do the logging and road building plus more personnel to locate the roads, lay out the sales and administer the many sales being logged.

"So, the communities of Forks and Port Angeles better brace their feet again" said Gockereil. "The 100,000,000 bd. ft. increase will have another big effect as the added timber is sold."

The Forks district will add 12 more engineers, foresters and aids to handle the additional work load. These people will be hired before July 1.

"Timber sales are getting to be really big business", added Gockereil. "The past 9 months sales of 175,000,000 bd. ft. was bid up from \$4,500,000 to over \$13,000,000 or nearly \$75 per thousand board feet." That means an average truckload of State logs is now worth \$300 to \$350 to the various state school funds.

The statewide increase of annual cut is made possible by a much higher level of intensive management. The Department of Natural Resources intensive forest management of state owned lands includes immediate reforestation of all logged areas, pre-commercial thinning of young 10 to 15 year old trees, followed by aerial fertilization and finally commercial thinnings, before final harvest at 60 to 70 years of age. Low productive areas of scrub hardwoods and brush are scheduled for rehabilitation by scarification with bulldozers and planting.

The Forks district has over 1200 acres under private contract at this time for pre-commercial thinning (with contract prices ranging from \$25 to \$60 per acre). In February a 1100 acre trial aerial fertilization project was completed. 440 lbs. of urea pellets (200 lbs. nitrogen content) were applied per acre. After July 1 more contracts for pre-commercial thinning and fertilization of State lands will be made, but on a much larger scale. Re-

High-Priced Tomatoes

Food store customers have grudgingly seen the price of tomatoes reach for the stratosphere and have assumed it was just one more vicious symptom of inflation. But judging by reports, there is more behind the price of tomatoes than natural inflationary forces. Until recently, the domestic tomato market was augmented by imports from Mexico.

There are an estimated 23,000 acres of land planted to tomatoes in the Sinaloa-Sonora sections of Mexico. The economy of this region of our neighbor to the South is heavily dependent on the U. S. market—a market that has now been seriously curbed by a U. S. government embargo on Mexican tomatoes. The embargo is working a hardship on both U. S. consumers and Mexican agricultural interests.

While in Mexico tons of carefully cultivated, vine-ripened fruit are being used for cattle feed, U. S. housewives commonly pay 34 cents a pound for winter tomatoes. In the words of Senator Barry Goldwater of Arizona, "... there is no longer any reason, economic or otherwise, for keeping this embargo in force... the price of tomatoes to the American housewife is moving higher and the consumption of tomatoes is being depressed... I want to say that we have nothing to gain and a great deal to lose by imposing trade restrictions on a friendly neighbor."

This is the story behind the high price of tomatoes in the local supermarket.

MOVIE AUDIENCE

***** GUIDE ***** A SERVICE OF FILM-MAKERS AND THEATERS

Newly revised film rating system, to become effective for films released after November 1, 1968.

"G"—SUGGESTED FOR GENERAL AUDIENCES—This category includes motion pictures that in the opinion of the Code and Rating Administration would be acceptable for all audiences, without consideration of age.

"M"—SUGGESTED FOR MATURE AUDIENCES—ADULTS AND MATURE YOUNG PEOPLE—This category includes motion pictures that, because of their theme, content and treatment, might require more mature judgment by viewers, and about which parents should exercise their discretion.

"R"—RESTRICTED (Persons under 18 not admitted unless accompanied by parent or adult guardian)—This category includes motion pictures that, because of their theme, content or treatment, should not be presented to persons under 18 unless accompanied by a parent or adult guardian.

"X"—PERSONS UNDER 18 NOT ADMITTED—This category includes motion pictures which are rated "X" because of the treatment of sex, violence, crime or profanity. Pictures rated "X" do not qualify for a Code Seal. Pictures rated "X" should not be presented to persons under 18.

Standards for production and advertising are also again spelled out in the revised Code. The exercise of restraint is ordered in portraying killing, crime, sex aberrations. Detailed acts of violence, intimate sex scenes, obscene speech, racial slurs, and cruelty to animals are prohibited. In advertising, the Code states: Illustrations and text shall not misrepresent the character of a motion picture; illustrations shall not depict any indecent or undue exposure of the human body; advertising demeaning religion, race, or national origin shall not be used; cumulative overemphasis on sex, crime, violence, and brutality shall not be permitted; salacious postures and embraces shall not be shown; censorship disputes shall not be exploited or capitalized upon.

There, in essence, is the Code. Its success will be dependent on the degree of public confidence it can inspire and the amount of cooperation provided by the production, distribution, and exhibition branches of the industry.

Sunset Highlites

By Fred Jarvis

Been burning the midnite oil all last weekend and this week getting my work done and attending league meetings. Mother has been burning the daylite oil, driving bus on field trips and such, plus her regular runs.

Leagues are all over now and about the only thing going on now is Monte Carlo and the summer singles, such as is. Should be some summer leagues starting soon.

Paula Lyda bowled up a storm in the State Tournament at Yakima. Had a 623 with handicap in the doubles and a 610 in the singles. Tossed a big 233 game. Beautiful bowling, Paula.

Claude Clark got greedy in the Tuesday Sunset Bowl-Off and swept top money with a 653 scratch plus the cash for scratch game, 237 and scratch series. Ended up with a 718 with handicap. Arden Prissel, Vern Rondeau, Dick Streeter and George Richardson were next in line.

Darigold met Dunc's Rotatilling for the league crown with the dairymen coming out on top. That makes two big trophies for you, Fritz. Congratulations, Champs.

Saw Jim Godman make \$500 bucks for picking up the 6-7 split on T. V. last Sunday. I'd shoot at those things all day for that kind of dough.

Leta Rondeau topped all bowlers on the last league nite of the Hoot Owls with a 193-517.

Streeter-Duncan won the Early Fri. Mixed sweeper with a 2429. Duke banged out a 236 to help the cause.

Jerry Beebe topped the gals with a 188-508, and Pa Jarvis took HI series with a 591.

Not too many at Sat. Nite Monte Carlo. Leta had the first shot at the Jackpot, but was so shook up, she couldn't get her fingers in her ball. Mother had a shot at it, but missed, so it'll be more money next week.

Floyd McCoy won nine free games and I managed to win four-bits off Duke, only because he got the nasty pocket split in his last frame.

Forks Prairie League met Monday nite at the Vagabond and re-elected George Richardson as president, Harold Kennedy, vice-president and Duke Streeter, secretary.

Lawrence Brager was on hand to receive the first place sponsor trophy again and Claude Clark picked up Spoelstra Bros. second place award. Darrell Thomas had hi average, 186, George Richardson, hi game, 265 and Claude hi series, 681. Peninsula Tel. and Tel. received both team game, (1128) and series (3194) awards, and Ken Keeney was most improved with an 18 pin increase.

BY MRS. J. E. MERRITT

Mrs. A. M. Nordman made a speedy trip to Seattle Friday afternoon to take a pickup load of shingles to her son Arvid Nordman, who is re-shingling his house, sides and roof. Mrs. Nordman left home at about 1:30, arrived in Seattle at 7:30, stayed at her son's home long enough to eat a light lunch and was back home around midnight.

Mr. and Mrs. William Sinclair were among those attending the installation Saturday evening of Miss Karen Tolliver as Worthy Advisor of the Port Angeles Rainbow Assembly.

The Sinclairs were joined by their daughter, Sharon, who came over from Edmonds for the occasion, and returned there afterwards.

Mr. and Mrs. Maynard Luckin visited over the weekend with her cousins, Mr. and Mrs. John Comfort in Satsop.

So many have asked Mrs. John Merritt for her recipe for the sauerkraut salad she has been furnishing for potluck dinners that she decided to write it for the Forum--and here it is:

Mrs. Merritt's Kraut Salad
One medium onion, chopped,

1-2 1/2 size can sauerkraut, drain well and squeeze as nearly dry as possible, 1 green pepper, chopped, 1 cup celery, chopped, small amount of pimento, for color, 1/2 teaspoon garlic-or to taste, if desired. Combine all ingredients. Mix 1/2 cup vinegar, 1/2 cup Wesson oil and 3/4 cup sugar, and add to chopped vegetables and sauerkraut. Let stand several hours or overnight in refrigerator. Keeps well, and improves with age.

BOY NOTES

Cub Den 7 was the guest of the Natural Resources last Thursday. Mr. Mason and Buck Taylor took turns telling the boys about fire fighting methods and tools.

They demonstrated the pump can and each boy had a turn operating the fire hose on the pump truck.

The boys received a handful of booklets and pamphlets. They all had a good time thanks to the hospitality of the Natural Resources' folks.

At the park the cubs had treats and played on the swings.

Summer School Set At Peninsula

Registration for the summer session at Peninsula College will be held on the campus, Monday, June 16, 8 a. m. to 4:30 p. m. Any person 18 or older may register.

According to College authorities, high school juniors and seniors will be admitted to some courses with the permission of the instructor. All but two of the courses will be offered in the morning.

History, chemistry, and shorthand will be offered 7-8 a. m. for those who wish to take a course before going to work.

William Lacas will teach courses in English composition and fiction. The composition courses, writing and discussion, are usually required for any college degree program. The class in fiction will study contemporary novels. It is an appreciation course designed to help students learn how to read a work of fiction.

Psychology and sociology are also courses basic to any degree program, according to the College. The classes will be small with opportunities for discussion.

John Pogary will offer three courses in art dealing with design, drawing, and painting. Hiking and beginning tennis will again be offered this summer by Rosemary Gala. Hikes will be taken in the Seven Lakes area, on the beach, and other areas to be determined.

Tom Hostetler will offer an introductory course in public speaking and Joseph Kelsey will teach a course in the history of civilization and the period following the civil war to the end of the 19th century.

An introduction to math and an introduction to logic will be taught by Richard K. Brauning. Phillip L. Churchley will teach a course in chemistry dealing with the principles and laws developed from the properties, structure, and reactions of matter.

The fee for a course is \$6 per credit hour. The summer session begins June 17 and ends August 15.

For more information, call the College, 452-9277.

A new course in personal shorthand will be taught by Ruth Anne Bopp, 7-8 a. m. each morning. This course is designed for the student who wants to take notes quickly in the classroom, the secretary who desires to upgrade her skills, or the student who is training for a future secretarial position. Mrs. Bopp will also

SHORT HUNT-Babe got on the track and approximately 45 minutes elapsed before John Simons and Dick Moody spotted this 80 pound female cougar. The cat was taken Friday morning in the Lower Hoh area.

More Game For The Hunter As Cats Bagged

Two cats in three days for cougar hunter John Simons of Beaver.

Simons and Dick Moody decided to do a little early morning hunting before work last Friday in the Lower Hoh. A little hunting they did. Simons put his pride and joy, Babe, to work and the 9-year-old cougar hound immediately picked up the scent of a cat. The other hounds were released and the chase was on.

Approximately 45 minutes elapsed before the cat was put up a tree for the last time. The cougar was a young 80

pound female.

Simons received a call from Gary Jolly of Morton about a cougar hunt. Arrangements were set for a Sunday hunt in the Hunger Mountain area.

Simons and Jolly set out early Sunday for the hunt area with John's hounds, Babe, Sam, Banjo and Lead. John uses Babe to locate the track and this trip was no exception.

Babe criss-crossed through the logged off cold tracking. Simons located some tracks on a spur road and Babe didn't waste any time on the tracks. She took off with Sam, Banjo

and Lead in hot pursuit.

This hunt covered approximately 10 miles of countryside and 3 hours time before the dogs put the cat up a tree and the hunters arrived on the scene.

The prize was a female 6 1/2 feet in length and approximately 100 pounds for Jolly. He came to the area to get a cat and get one he did. Jolly pointed out, "I have been on hunts before and realize it's 50% luck and good dogs, John has the best and that's why we were successful."

SECOND IN THREE DAYS-Gary Jolly of Morton, Washington, enjoyed this successful hunt with John Simons on Sunday. This female was located in the Hunger Mountain area.

DEAR JANE

DEAR JANE:

I have an excellent idea for the Pre-school girls. Have their meetings in the afternoon.

Many women with pre-schoolers are also stuck with husbands who will neither watch the children or permit their wives to get out alone at night.

If the meetings were during the day there would be "no static" from anyone. I'd go suggest this at the next meeting myself but my husband won't let me out.

E. A.

Dear E. A.:

If your husband won't let you go to a school meeting in the early evening, what will he let you do?

DEAR JANE:

In regards to ("disgusted's") letter; I would think she should take a few lessons on "American Motherhood" herself. The name slob wasn't exactly a good example for our children to read. As for our boys in Vietnam, they are fighting for our right's and this one Mother only took up for herself. She was standing and talking to her husband and was slapped so I should think she had the right to protect herself. Also the words animal and stupid were a poor example, they weren't wrote that way but the meaning was there.

A Person who was at the alley also.

Dear Alor:

If the shoe does not fit dear, don't wear it!

DEAR JANE:

How times have changed! In the old days the men did the fighting and women fainted or screamed.

Now the ladies do the fighting and their husbands stand on the sideline and calmly watch their wives take a beating.

The mothers weren't acting like slob's so much as they were defending themselves; something their men should have done. Where are all the MEN? Home writing to dear Jane for advice, that's where.

Maybe they secretly enjoyed seeing the old battle axes getting their hair pulled. Maybe they even wished they'd had the nerve to do it themselves. Anyway I wouldn't be to hard on the gals if I were you. They were only doin' what comes naturally.

Bat's Belfry

By Betty Otos

A surprise retirement party sponsored by the school bus drivers was held for Ted Hudson at the John Hitchcock home May 22. Mr. Hudson has been a driver on the Hoh River run for over 20 years. The cake, decorated with a "from work to play" theme, was made by Mrs. Lenna Johnson. Mrs. Fred Jarvis cut the cake and Lenna Johnson served punch. Pictures were taken by Aub Johns. Others present were Mrs. Ted Hudson, bus drivers, non-certified personnel, Mr. Winsor, Mr. Maxfield and Mr. and Mrs. Henry Halverson.

Mr. and Mrs. Ralph Smothers' houseguests over the weekend were Mrs. Frances Messinger and son, Barry, from Seattle who were here for the confirmation service of her daughter, Emily Messinger. If you didn't see Birdie James' birthday cake, it was really a work of art. The cake was made for her by her Tops friends and frosted with shaving cream! Guess they had her best interests at heart.

NOTICE OF SALE OF FOREST PRODUCTS VALUED AT NOT MORE THAN \$2,000.00

Notice is hereby given that on Monday the 9th day of June, 1969, commencing at ten o'clock in the forenoon, at the Forks District Headquarters of the Department of Natural Resources, the following described forest products will be sold at public auction to the highest bidder.

LEGAL DESCRIPTION: The sale is composed of all salvage material marked with orange paint along FR-D-2000 road comprising approximately 61,000 board feet of cedar in part of SE¼ SE¼ Section 10, NE¼ NE¼ Section 15 Twp. 29 N., Rrc. 14 W, W.M. Clallam County Washington.

CASH SALE
Forest products will be sold on a cash basis.
Minimum acceptable bid will be \$1.8 0.00.

On or before June 9, 1969, at 10:00 a.m., each bidder must make a minimum deposit of \$183.00 in the form of cash, money order or certified check. Said deposit shall constitute an opening bid at the appraised price. Upon award of this sale, the respective deposits shall be returned to the unsuccessful bidders. On the day of sale the purchaser must pay the balance between the bid deposit and the full bid price plus a \$5.00 bill of sale fee. This balance may be paid by personal check. All checks, money orders, etc., are to be made payable to the Commissioner of Public Lands.

BOND: On the day of sale, the purchaser must also furnish a cash bond of \$500.00, in the form of cash, money order, or certified check, to guarantee compliance with all terms of the bill of sale.

Any sale which has been offered, and for which no bids are received shall not be reoffered until it has been readvertised. If all sales cannot be offered within the specified time on the advertised date, the sale shall continue on the following day between the hours of ten o'clock a.m. and four o'clock p.m.

The State of Washington does not guarantee its published cruises of the herein described forest products, and purchasers thereof shall have no recourse against either the State of Washington or the Board of Natural Resources if the actual cut does not equal such published cruises.

Access Road Revolving Fund: \$30.00 to be paid in day of sale. Forest products must be removed prior to December 31, 1969.

Located approximately 11 miles by road NW of Forks.

Accessibility Via Department of Natural Resources Access.
A copy of the forest products bill of sale contract is posted at the Forks District Headquarters office.

Meditation

By J. William Hawk

There is a hymn, the first verse of which reads: We would be building; temples still undone O'er crumbling walls their crosses scarcely lift, Waiting till love can raise the broken stone, And hearts creative bridge the human rift. We would be building; Master, let thy plan Reveal the life that God would reveal to man. Waiting! Waiting! Waiting! Waiting till love can heal and creative hearts will bridge the gap between persons. Is God waiting for us to build and love and heal and create, or are we waiting on God? Will God do it for us, or will He do it through us? We are caught in a game of waiting, and while we are waiting someone else makes the moves and builds what we never intended. We build our houses, our garages, our churches. We try to build our security. We work and struggle to get these things, and we wait for them to be ours. But there is also talk about burning in this country, burning to

destroy what we have built. We do not like this kind of talk or action. But Jesus also talked of destroying the temple, and people did not like it.

There is something burning in the lives of people these days and it cannot wait; it burns and will not be consumed until we start rebuilding the action of Jesus of Nazareth. What do I mean? I mean that we are waiting in this town for the law officers to arrest the right dope peddlers. While we wait, there is loneliness and rejection burning in the lives of young people who will buy a little dope to put the fire out. The security builders in fine communities living in beautiful buildings are burning with a fear that a negro may move in and ruin their security. This goes on while we wait to see if there is such a thing as "white racism" in this country. One Christian church lives with burning anxiety about whether it can compete with another Christian church, while we wait for God to ordain that "our" creed is right.

We will build nothing that is adequate or secure until we get the message of loving our neighbor and being neighbor to the Christian, non-Christian, black, white, red, yellow, lonely, hungry, sick and imprisoned. "He who does not love his brother... cannot love God..." If we do not love our brother, we can build nothing secure, for we have not built on the foundation of the earth, which is God Himself.

Will it be Enough?

Today it's just a skeleton against the sky. But tomorrow people will live in it, and it will become a home. Within its walls, the pattern of life will be carried out.

But will this be enough? As a home, will this house stand or fall as the years pass? Will the people who live in it develop into better, stronger human beings? Or will they acquire selfishness, greed, indifference, conceit?

Remember the foolish man who built his house on sand, only to have the rains wash it away, and the wise man who built his house permanently on a rock? The future of this house—the future of a home—depends upon its foundation.

In the story, the "rock" symbolizes the Church. Those who build their faith upon its foundation will take into their homes the strength to keep them standing, regardless of what life may bring.
