"Russian Trawlers and Phony Politicians have put me off the sea." These signs posted on boats in the LaPush harbor told the story of disappointment and discouragement experienced by many of the coast fishermen. We spend millions in research, and precautions to save the fish, for who? The Russians and Japanese take them all! The people put up such a fuss about this problem, I feel something must be done. The government is doing nothing!"

Jerry Jacobson, 22, of the fishing boat, VONDA L, said, "I have been fishing about 9 years this is my first year on my own boat, they gotta go! In 2 or 3 years there will be no salmon at all, they will all be depleted. It's too bad just to be starting out and hurting pretty bad already!"

Buzz Matthews who has fished for 5 years, said he feels something must be done! "They will deplete the fish if something isn't done! " Matthew's father, Monty Matthews also is a commercial fisherman. Matthews said he felt his son had expressed his feelings perfectly. Something must be done. He said, "we have a 50-50 chance of passing the 200-mile limit. Mr. and Mrs. Lyn Jones of the fishing boat, NESKOWIN said, "this is a peaceful demonstration, but something must be done or people aren't going to remain peaceful! The Russians have deliberately tried to run boats down, us included!

They are fishing just off shore at night, and are violating every rule. The government now has a bill before the House that would allow the foreign boats to come into our shores and refuel and buy supplies. They sent our sons over 3000 miles to fight and die and now his! Why?"

The responsibility of this Russian action stems entirely from the lack of interest of our politicians! They spend the first 2 years in office just learning the ropes and the next 2 years trying to keep from stepping on anyone's toes so they will be re-elected. There should be a maximum 6-year term for all politicians.

What are our representatives in government doing for the fishermen? In their words, "nothing".

This demonstration was peaceful, but according to many of the fishermen it may not remain so.

How can we help? Write your congressman, the man you hired to represent you in Washington.

We must become involved, if we are to conserve a dwindling natural resource. The time for involvement is now.

The award is being given as part of a country-wide campaign developed by the National Council on Crime and Delinquency to encourage citizen support of law enforcement bodies. Public officials have repeatedly said that the average citizen must be personally concerned with and involved in the fight against crime if there is to be any substantial reduction.

Last year's winner was Robert Robinson of Washington, D.C., who was nominated by city's policy department. Mr. Robinson, walking his dog late at night, heard cries for help and came to the rescue of a young nurse who was about to be raped. The name of Miss Patricia Little was unintentionally omitted from the list of guests at the birthday party given by her mother, Mrs. Ben Leavitt, and Mr. Leavitt on Saturday evening, August 22, for Mrs. Luther Proctor.

Miss Little would like to get a "little theatre" group started in this area, and this is what she says:

Are you interested in the theatre? Do you like to act? Would you be interested in starting a "Little Theatre" for this area? If any of your answers to these questions is "yes" contact Miss Patricia Little at P.O. Box 224, Beaver, Washington 98305. She was a member of a military little theatre and was very active in several high school dramatic productions, along with being in the drama club at Knob Noster High School in Knob Noster, Missouri. She would like to form a dramatic club, and needs to know if there would be enough interested parties to form such a club. If you are one of those people please notify her by mail, or telephone, 327-3556 and ask for her. You maybe a better actor or actress than you think! But watch out! There is plenty of work involved!

Miss Peggy Bostick left Monday of last week on a return flight to her home in Roseville, Michigan, after a three-day visit at the home of her uncle and aunt, Mr. and Mrs. Ben Scoles, who went to Bremerton to meet her the previous Friday. Miss Bostick is employed by United Airlines.

Mr. and Mrs. Herman Sandberg of Bremerton were overnight visitors in Forks on Saturday of last week, returning home on Sunday afternoon.

Mr. Lynn Mills returned Friday to his home in Seattle, after a five day visit at the Lawrence Eaton home. He spent most of the time fishing and took home a nice salmon.

### **MEDITATION**

The English language is extremely interesting and, in many cases, just as extremely difficult to master. I sincerely wish that I had a better understanding of it. For example, we use the word "common". As an adverb it means: "Belonging equally to or shared alike by two or more or all in question". Also that which "pertains to or belongs to the whole coummunity". It also means that which is not distinguished by special characteristics; ordinary; not distinguished by rank or position; low vulgar or unclean. Thus Peter says in Acts 10:14, "I have never eaten anything that is 'common' or unclean." He is, of course, speaking of "ceremonial cleansing".

As a noun the word means: "The community; the public: a tract of land possessed by or used in common". Thus the Church, (local assembly of born--again believers), shares a "common" Christ: a "common" faith and a "common" meeting place! Thus Paul writes to "Titus, mine own son after the

common faith". (Titus 1:4). And again we read in Jude. us 3: 'Beloved, when I gave all diligence to write unto you of the common salvation, it was needful for me to write unto you, and exhart you that ye should earnestly contend for the faith which was ONCE, (for all) delivered unto the saints."

And so we see that Jesus Christ is neither low, nor vulgar nor unclean!! The faith that He gives and the salvation He offers is not without a "special characteristic"; a characteristic which only God could give them.

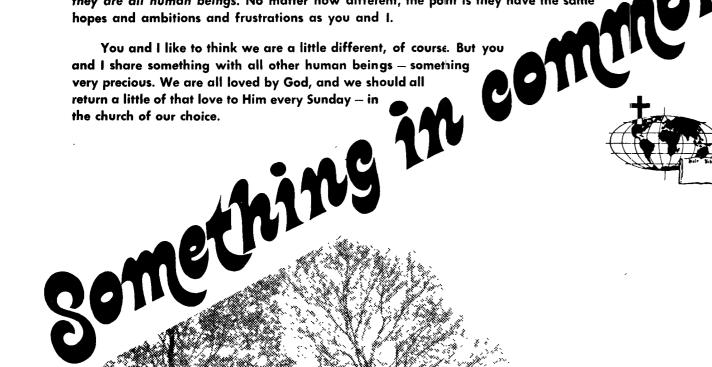

As "common" men we share a "common" need: "All have sinned and come short of the glory of God." All must be "born-again" by the Spirit of God from above! Common men share a common faith in a common Christ who provided a common salvation at such a tremendous cost on the Cross of Calvary. And the Bible asks the common question: "How shall we escape if we neglect so great salvation"?

Joe's I. Q. is 85, Sam's is 150. Alice is fair as a lily; Lynn is ruddy and freckled. Carl plays great football, but Robert writes lyric poetry. Sue likes to cook, and Liz wants to program computers. Bill becomes a detective while Jack flies a plane for his country.

What can all this conglomeration have in common?

Nothing, you may say — no two people in the world are exactly alike!

But they do have something in common, you know - something very important they are all human beings. No matter how different, the point is they have the same hopes and ambitions and frustrations as you and 1.

BIRD SEASON SET. The State Game Commission established the most liberal upland bird and waterfowl seasons in recent memory. The pheasant season will run from October 10, through January 3, 1971, including a two week break in mid-November. This is a three-day increase over last year's pheasant season. Bag and possession limits for pheasants remain the same as last year. Eastern Washington has a limit of 3 daily and 12 in possession. We find a limit of 2 daily and 12 in possession for Western Washington. The waterfowl seasons statewide are the most extensive and liberal since 1930. Hunting season for ducks in Eastern Washington will run from October 10, to January 24, a one-week extension over last year. Duck season in Western Washington will start October 10 and last until January 10, 1971. It has been 12 years since bag limits on ducks have been as liberal as they will be this season. Bag limit this year in Eastern Washington is 7 and possession, 12. In Western Washington we have a bag limit of 6 and possession, 12. Also, there will be no species restrictions on ducks this year. Blue and ruffed grouse season will run September 12 through November 22, statewide, with a daily limit of 3 and a possession of 9. Grouse numbers statewide appear to be comparable to last year, which was well above average. Although some areas appear to have suffered from the extremely dry spring and summer rearing season, overall prospects for this season appear to be excellent. In summarizing, reasons given to the State Game Commission for liberalizing the 1970 bird seasons, Chief of Game Management Burton Lauckhart said, "We are most encouraged by the overall success of this year's nesting and rearing season for both upland birds and waterfowl in Washington. Overall duck production in Washington showed a 71 percent increase this year over last season--one of the best years ever. Washington mallard production increased a very significant 42 percent this year over the 1969 nesting season. Our biologists estimate that we reared in this state around a half million young ducks this year."

ON STEELHEADING. Steelhead fishermen will also have some new restrictions in 1971. Most significant include the prohibiting of fishing from boats on portions of the Hoh River. This action was prompted by recent fishing season confrontations between boat and bank fishermen.

DRY WEATHER WILL EFFECT FUTURE FISHING-A young fisherman approaches the Upper North Fork of the Calawah to find a dry river bed. Very few potholes remain as dry weather prevails. Both steelhead and salmon will be effected by this extremely dry summer. Many watersheds were low at the beginning of summer.

Lost a week somewhere. Thought we still had two weeks left before we started the '70-71 bowling season. Turns out that the Sunset League starts this coming Tuesday. Get my shirt ironed, Mother. Guess you gals will be hearing that pretty often now, at least for the next 28 weeks or so. Don't it just send you? Get your irons het up, women.

George and John teamed up to beat the pros by three whole pins last Thursday nite and pocketed five bucks apiece for their effort. Not too bad for a couple of Brager Bros. mainstays. Save a few strikes for Monday nites, fellas.

Jerry Beebe hit a 705 to win first place money in the Friday Nite No-Tap. George Richardson slopped a 682 for second place, and George Cosser took third with his 668.

Randy Clark had the TV shot at Saturday Nite Monte Carlo. One thing about it, Duke didn't take any of my money as I bowled Reno in P. A. and won a couple bucks and a 1/2 gallon of
