LETTERS TO THE EDITOR

Editor, It has been very disheartening and disgusting to me these past few weeks to see how little respect some of our local kids have for community pro-

A few weeks aso, the plaques of two little league benches at the school field inscribed "In Memory of Fritz Klahn" were taken off and destroyed. Now in the past week or so when we honored the dead, one bench was jumped on and broken. The bleachers donated for use at school field activities are being jumped on continuously and are fast becoming in the same shape. Even 2 x 6 boards placed at the field for players use are broken immediately. Some interested person or good businessman donated that board for a good cause.

This program is a good cause but let's have help in keeping it so. Let's cooperste; Coaches, Parents, Teachers of P.E. classes and Kids.

Why do so few make it so bad for so many? Next time you see this thing, stop it or notify someone else to stop it before another board is

Edna Leppell Forks, Wash. Editor,

As I am sitting here in a small town in Germany reading my hometown newspaper, the Forks Forum, it makes me appreciate the fine members of your staff and you, yourself. Since I've been in the Army, the closest thing to home I have had are letters from my family and wife.

I asked my mother to send me a Forks Forum occassionally, whenever she remembered to pick one up. She wrote and told me that I would receive the newspaper regularly each week. I just wish every American felt like helping a G. I. out. We live a life of few luxuries because of a low income. But we get by, thanks to the Army Exchange Service.

I want to thank you very much for bringing a little of my home to me while I'm far away from Forks.

Sincerely, SP/4 Michael Howell U.S. Army

Editor,

I and my family would like to thank the people of Forks and especially the following persons who helped us to get settled in our new apartment. We have been having a very hard time and now, thanks to these people, we are beginning to get on our feet. Thanks and God bless each and everyone of you; Rev. and Mrs. Stockman of the Forks Lutheran Church, Mr. and Mrs. Paul Lingvall, Mrs. Betty Otos, Mrs. Jan Boggs, Mr. and Mrs. John

Hage, Mr. and Mrs. Al Woods and daughter, Thresea, Mr. and Mrs. Claude Clark, Mr. Bob Joutsen, Mr. and Mrs. Larry Barger, Mr. Chubby Ward, and last but not least, the Forks Lions Club.

Yours truly, The Gary Thomas Family

Dear Sir:

tion from the Board of Directors of the Quillayute Valley School District. Since I was elected to the Board I have tried to initiate certain changes in policy and personnel. It has become obvious that I do not have the support of my constituents. I feel this leaves me no choice except to resign. I have also become aware that you, as Superintendent, do not have the support of the people in your District. Therefore, I suggest that you also

Please accept my resigna-

Much of the physical plant in this District is in a deplorable state of repair. I know that the school is not all that it should be scholastically. I feel that management must accept the responsibility for these inadequacies. Therefore, it is my considered opinion that the entire management team should resign for the good of the school.

Sincerely, Hal Canaday

Dear Mr. Canaday: Regretfully I submit my

resignation as a member of the Quillayute Valley School Board. A school board member must represent the electorate to the best of his ability, This I have tried to do but it is obvious from opinions expressed at recent meeting I have failed in this regard. Therefore, in good faith I must resign.

P.C SUMMER SCHEDULE

With registration for Peninsula College Summer Quarter opening June 14, classes will start the following day and end the quarter on August 12, according to Registrar Floyd Young.

"Leigth of the summer school varies," he pointed out. "Some classes meet for less than the full term as well as the fact that we reserve the right to cancel classes in which there are not sufficient students enrolled."

Offerings cover a wide range of subjects, academic, cultural and technical. One of the new courses this summer will be in the field of ceramics, which will be taught by George Merrill, who will also instruct a painting class. Special projects in Technical Forestry will be under the guidance of John Willits. In addition to the regular practical nursing course, a class in beginning nursing will be held once a week, on Fridays, for 2 hours, under the direction of Miss Bezely Olson.

TRAIL RIDERS NEWS

By Barbara King

Memorial Day weekend found many local horse people on the move, and out enjoying the park trails. Out for a three-day camping trip on the Upper Hoh were Roger and Mary Addleman and family, and Ron and Doreen Planes, and daughter Anne. They spent their days on trails and their nights at the Olympus shelter. Meanwhile on the Upper Bogachiel Sunday, a 22 - mile ride was taken by the Clayton Graves family and the Kings. We rode up to Flapjack on one side of the river and back on the other. At the 4-mile shelter we ran into Harry and Ron Lefler. They

were going fishing. On the trails last weekend was Glenn Demorest. I forgot to ask Glenn where he was off to this time. Glenn is on the trails just about every weekend that it is possible. He has been clearing park trails all this spring, and can give all of the riders the latest report on how the trails are and what is open where. Later on in the summer, I know that he will get in quite a bit of high country fishing. He has the most beautiful pictures of the high country and the lower trails, too. Many are of lakes and streams where the fishing is extra good. Thanks to Glenn, many of the local riders will better enjoy the trails this summer.

Results of the horse show held last Sunday at Tillicum Park will be in next week's Forum. LISTEN TO KVAC WEATHER AT 12:10 P.M. DIRECT FROM THE ENVIRONMENTAL SCIENCE SERVICES ADMINISTRATION WEATHER BUREAU AT QUILL-AYUTE AIR FIELD.

Hello. They call me "Pesito", or Little Dollar. I'm just 41/2 weeks old, but have I ever lived in that short time! My real long name is "Mi Ultimo Peso" --- in easier There's a story behind that. but this is my story, so I'll get on with it. My first view of this old world was pretty bright. Mom had me on May 3rd---a real warm sunshiny day (I've found out since then that it's rare to have those kind around here). My first duty was to get on my feet, and if you don't think that was a chore -- you ought to ask my master about it. I was lying in some slippery mud and everytime I'd try to get these long legs under me. that darn mud would slip and-bloop!...there I was , flat again. You'd think Mom would be a bit more choosey in picking a foaling place. My first day consisted of many naps and snacks, much walking and lots of attention. I was the first of 3 babies expected at Bramblewood and everybody wanted to see me.

It wasn't but a day or two that I decided to sample some of that dry stuff Mom eats called hay. I watched her and tried to take a huge mouthful like she does, but after I got hold of it, I didn't know what to do next. The worst of that was my master and mistress standing there laughing at me. eating it for real and they have is the first year that the king to buy it for me! Then I had and queen were chosen from to try that good stuff Mom gets the graduating KOPS. in a pan every day. She's kind of stingy with that grain. It's good, too. If I keep showing how much I like it, maybe I'll get my own pan someday.

I really think I ought to be commended for my coordinascratch my face with one hind foot. You have to stand "just so" in order to reach that far, and placing the other 3 legs for balance is quite a trick. too. It took lots of practice to master that one.

than the big ones. They seem to be more my size and give me attention without any fuss.

Yesterday was a real big one for me. Master and mistress came and put something on Mom's head. Then she followed them out of our home corral. I followed along, trying not to miss seeing a single thing on this venture. We went through some cold water and into a gate. Boy, what a pretty new home! Mom and I went into a nice little house where she finished her grain. I stood there looking around when, lo

Anyway, she looked at me and, being a typical female, starttalk it means "My Last Dollar", ed that coy bit, Just give me a little time and I'll have her racing around, too. She's so silly about it all, she backed into her mother's tail and kept going until she went between her legs to peek out from under her Mom's tum-

Well, I no sooner got over that surprise than I spotted a big clunky thing moving along the fence line making weird noises. I could have sworn I saw master and mistress inside that monster. Oh,

Well, I guess that's about it, so far. Gotta get busy making a racing partner out of that silly filly!

Girl Scout Troop #742 held a fly-up ceremony for brownies who were ready to go into Junior Girl Scouting. The flyup took place June 1 at the Congregational Church. Presenting wings and pins were Mr. Jim Bolin and Mrs. Dudley Maxfield.

Brownie Troop #1622 have kept their hands busy making "don't litter" signs, cleaned

up Tillicum Park and, for Mother's Day, made book marks. Troop #1350 made Mother's Day flowers, and the two combined troops went to the Department of Natural Resources to learn about forest ecology. Troop #1350 is also planning trips to Sol Duck Hot Springs and Beebe's animal farm in Sequim.
