Re: NOLS Launches New Library Catalog
Attached: NOLS_New_Catalog.PNG

On May 24, the North Olympic Library System (NOLS) will begin using a new catalog to provide a better online experience for its users. During the switch, catalog access may be limited or unavailable the morning of Tuesday, May 24.

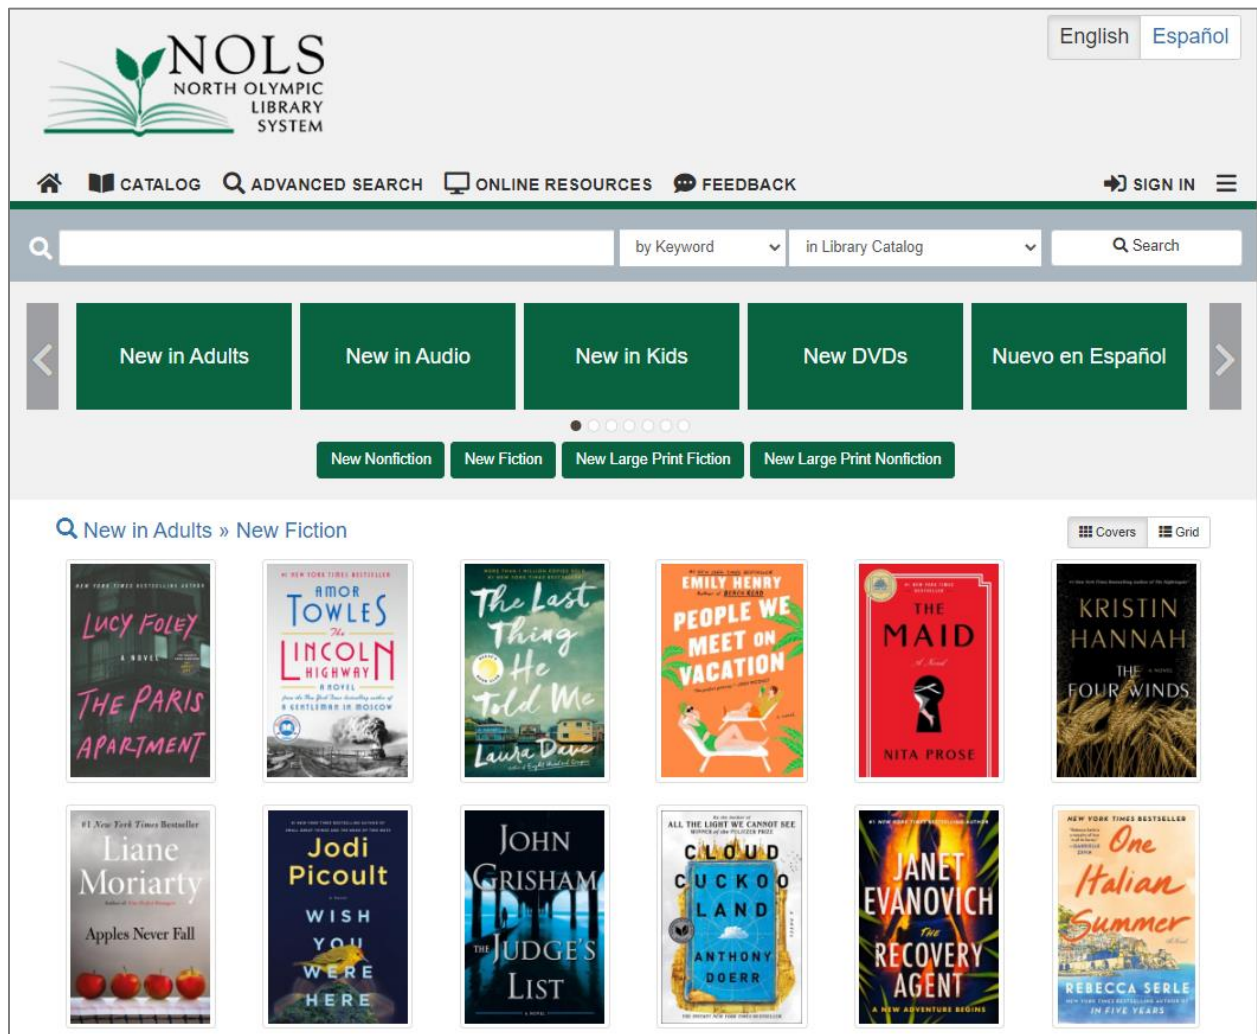

The new catalog will offer a simpler, more intuitive experience. New features include:

- Easy discovery of new books, materials, and resources with browsable displays and powerful new searching capabilities;
- All available formats for a single title displayed together in search results and lists;
- Ability to checkout, and access eBooks, eAudiobooks, and digital magazines directly from the catalog;
- Integrated electronic content, digital archives and enrichment from other databases and resources, like Overdrive and Hoopla;
- Reading recommendations, ratings and much more.

Feedback can be shared with staff or at nols.org/new-catalog-feedback. Additional features and improvements will continue to be rolled out after May 24.

Library patrons can access all of their checkouts, holds and saved lists from the new catalog, using their current barcodes and passwords.

For additional information on programs and services happening at your library, visit www.nols.org, email Discover@nols.org, or follow the North Olympic Library System on Facebook and Instagram.

The North Olympic Library System will get a new catalog on May 24, 2022.
